ENGLISH UNIVERSITIES.

UNIVERSITY OF OXFORD.

(Founded 872.)

CHANCELLOR, the Marquis of Salisbury	Elected.
VICE-CHANCELLOR, The Reverend J. E. Sewell, D.D., Warden of New College.	1869
REGISTRAR, Reverend E. T. Turner, M.A.	1874
	1883

The following statement gives the chief particulars concerning the *University of Oxford* as a place of Education in its relations to Medicine.

The affairs of the University are managed, and its regulations are made, either by a Convocation consisting of all Doctors in Divinity, Law, and Medicine, and Masters of Arts, or by the Resident Doctors and Masters, or by the Council.

There are 25 Colleges and Halls in Oxford. Every Student must reside in one or other of these for a period of three years, or, being matriculated, reside in lodgings during that time.

During these three years, he has to pass at least two Examinations in Arts, and one in either Mathematics, Natural Science, or Law, Modern History, or Theology, when if he obtain a first second, or third class, he can take his B.A. degree; if he do not gain such honours, he has to pass a third examination in *Literis Humanioribus*.

A Student deciding to graduate in Medicine should proceed as follows:

- 1st. To enter at a College or Hall or become an unattached Student by applying to the "Delegates of Unattached Students."
- 2nd. To pass the requisite Examinations in Arts.
- 3rd. After passing the requisite Examination for the degree of B.A., to spend two years in study * prior to a Scientific Examination for the Degree of Bachelor of Medicine; and two years more prior to the final or practical Examination for the same Degree. These four years of medical study may be spent either out of or in Oxford, at a first-class Hospital.

This Degree confers the Licence to Practise. For the Degree of Doctor in Medicine a dissertation has to be publicly read three years after the B.M.

The instruction in Natural Science is carried on at the MUSEUM, where the following Teachers have their Departments:—

Regius and Clinical Professor of Medicine, H. W. Acland, M.D., D.C.L., F.R.S.
 Savilian Professor of Astronomy, Rev. C. Pritchard, M.A., F.R.S.
 Savilian Professor of Geometry, Henry J. S. Smith, M.A., F.R.S.
 Professor of Experimental Philosophy, R. B. Clifton, M.A., F.R.S.
 Professor of Natural Philosophy, Rev. B. Price, M.A., F.R.S.
 Professor of Geology, Joseph Prestwich, Esq., F.R.S.
 Professor of Mineralogy, M. H. N. Story Maskelyne, M.A., F.R.S.
 Professor of Chemistry, W. Odling, M.A., F.R.S.
 Linacre Professor of Physiology, G. Rolleston, M.D., F.R.S.
 Professor of Zoology, J. O. Westwood, M.A., F.L.S.
 Lee's Reader in Anatomy, John B. Thompson, M.A., Ch. Ch.
 Demonstrator in Anatomy, Charles Robertson, Esq.
 Assistant Professor of Chemistry, W. W. Fisher, M.A.
 Demonstrator of Practical Chemistry and Sanitary Laboratory, W. F. Donkin, M.A.
 Radcliffe Librarian, H. W. Acland, M.D., F.R.S.
 Sub-Librarian, Mr. J. Haines.
 Sherardian Professor of Botany at the Botanical Garden, M. A. Lawson, M.A.
 Lee's Reader in Chemistry at Christ Church, A. G. V. Harcourt, M.A., F.R.S.
 Lee's Reader in Physics at Christ Church, R. E. Baynes, B.A.

The Medical Examinations take place annually in the Michaelmas Term.

Scholarships of about the value of 75*l.* are obtainable at Christ Church, Magdalen, and other Colleges, by competitive Examination in Natural Science. Every year a Radcliffe Travelling Fellowship is competed for by any who, having taken a first class in any of the Public Examinations of the University, or having obtained some University Prize or Scholarship open to general competition, propose to study Medicine. The Travelling Fellows receive £200 a year for three years, half this period being spent in study abroad.

More detailed information concerning the University may be obtained from the University Calendar, to be purchased of any Bookseller; concerning the General Education, from the Heads of Colleges; concerning the Medical Examinations, or the courses of study in general, from the Regius Professor of Medicine; and concerning the Scientific Education, from the Professors in the several Departments, as above named.

* If he have taken the higher honours in the Natural Science School, he may go in for the 1st M.B. Examination on the first opportunity.

Lecturers.

A course of lectures on Principles and Practice of Medicine is delivered during the Lent and Easter terms by the Professor of Physic.

A course on Anatomy and Physiology is delivered by Professor Humphry in the Michaelmas and Lent terms.

A course on Practical Anatomy is delivered by Professor Humphry and Dr. Wilson in the Michaelmas and Lent terms.

A course on Practical Histology is delivered by Professor Humphry, Dr. Wilson, and Mr. Martin in the October and Lent terms, and in the long vacation.

A course on Practical Physiology is delivered by Dr. Foster during the terms and in the long vacation.

A general course on Chemistry is delivered by the Professor in the Michaelmas and Lent terms, and in each of the three terms four other courses on different departments of Chemistry are delivered by the Professor, the Demonstrator (Mr. Hicks), Mr. Main, and Mr. Apjohn.

The course on Botany is delivered during the Easter term.

Lectures on Morbid Anatomy are given by the Linacre Lecturer.

The Downing Professor delivers a course of lectures on Materia Medica in the Michaelmas and Lent terms.

Courses on Physics by the Professor of Experimental Physics in Michaelmas and Lent terms.

Other courses on Physics, Botany, and Comparative Anatomy and Physiology are delivered by Lecturers in Caius, Trinity, Sidney, and Downing Colleges.

Pupils have an opportunity of dissecting in private.

There is a rich and interesting Anatomical Museum open to medical students daily.

Students are admitted to the medical and surgical practice of the Hospital on the payment of £1. 10s. for a year, or 15s. 15s. for an unlimited period. Clinical Lectures are delivered weekly by the Physicians and Surgeons.

Medical Students are required to enter at one of the seventeen Colleges, or as non-collegiate students, and reside nine terms (nearly three years), during the first part of which time they are generally occupied in the study of Classics, Mathematics, &c.; then, having passed the previous Examination in these subjects, they can pursue the study of Medicine by attending the practice of the Hospital, and the Professors' lectures above specified. This done, they may continue their medical studies in Cambridge, or elsewhere.

If it be thought desirable, the student may continue his classical and mathematical reading for a longer period than the above arrangement contemplates; and may, in due time, present himself for the Examination in those subjects, whereby he becomes B.A.

PROCEEDINGS IN PHYSIC. M.B.

The candidate for M.B. must have resided nine terms (nearly three years), have passed the previous Examination in Classics, Mathematics, &c., and have been engaged five years in medical study, of which six terms must have been in the University. Only four years of medical study, of which four terms are in the University, are required of those who graduate with honours as B.A.

There are three Examinations for M.B. The first may be passed at any time after the previous Examination; the second after two years of Medical study, and the third after the completion of the period of Medical study.

The first Examination is in Mechanics and Hydrostatics, Chemistry with Heat and Electricity, and Botany. The student must have attended lectures on Chemistry and Botany.

The second Examination is in Elements of Comparative Anatomy, Human Anatomy and Physiology, and Pharmacology. Lectures must have been attended on Elements of Comparative Anatomy, Human Anatomy and Physiology, Materia Medica and Pharmacy, and Pathology; also Hospital Practice for one year.

The third Examination is in Pathology and the Practice of Physic (two papers), Clinical Medicine, and Medical Jurisprudence. Lectures must have been attended on the Principles and Practice of Physic, Clinical Medicine, Clinical Surgery, Medical Jurisprudence, and Midwifery;

also Hospital Practice for three years; and the Candidate must have served as Clinical Clerk, or had special charge of patients for six months.

After the Examinations have been passed, an Act must be kept. The candidate reads a thesis composed in English by himself on some subject approved by the Professor. He is then questioned in English by the Professor on the subject of the thesis, and on other subjects in the faculty of a more general nature.

M.D.

The candidate can be admitted to the degree of M.D. in the ninth term (nearly three years), after taking the degree of M.B. A Master of Arts may be admitted to the degree of M.D. at the prescribed period, when he has produced the same certificates and passed the same Examinations as are required for the degree of M.B.; but he is not required to have kept medical terms in the University.

An Act has to be kept similar to that required for M.B., and the Candidate is required to write a short extempore essay on one of four topics, relating severally to Physiology, Pathology, Practice of Medicine, and State Medicine, the selection being made by himself.

M.C.

The candidate for the degree of MASTER IN SURGERY is required to have passed the Examinations for M.B.; to have attended the Surgical practice of a Hospital for three years; to have been House-Surgeon or Dresser during six months; to have attended a second course of Lectures on Human Anatomy, one course of Lectures on the Principles and Practice of Surgery, Lectures on Clinical Surgery during one year, ten cases of Midwifery, and of having practised dissection during a second season.

The full time required for the degrees of M.B. and M.C., from entrance at the University, is rather more than four years in the case of those who graduate with honours, as B.A.—i.e., who go through the examination for either the Mathematical, Classical, Natural, or Moral Sciences Tripos. Many Medical Students take this course, and go through the Natural Sciences Tripos, because the subjects of the examination (Botany, Chemistry, and Comparative Anatomy) are akin to those of Medicine; and the Student who has passed in any of them is not required to be again examined in them for M.B. He may thus be entirely exempt from the first Examination for M.B., or from parts of it. In the case of Students who do not graduate with honours, the time required to obtain the M.B. and M.C. degree is five years. The expenses at Cambridge, including residence, lectures, &c., are about 150*l.* per annum; but these are in many cases lessened by Scholarships, which are very numerous, and obtainable by most Students of industry and ability. Some of these Scholarships are given for proficiency in Natural Science, and are open to competition to students who have not entered the University. An Examination for one or more Scholarships is held in Sidney College in October, in Downing College in May, in Trinity College in Easter week (this is open to all undergraduates of Oxford and Cambridge), and in St. John's, Clare, Caius, Pembroke, and St. Peter's Colleges in April or May. Information respecting these Scholarships may be obtained from the Tutors of the respective Colleges.

EXAMINATION IN STATE MEDICINE.

Any person whose name is on the Medical Register of the United Kingdom may present himself for this examination provided he is 24 years of age. The examination will be in two parts.

Part I. will comprise:—Physics and Chemistry. The principles of Chemistry, and methods of analysis with especial reference to analysis (microscopical as well as chemical) of air and water. Microscopic examination of flour. The laws of heat, and the principles of pneumatics, hydrostatics and hydraulics, with especial reference to ventilation, water-supply, drainage. Construction of dwellings, disposal of sewage and refuse, and sanitary engineering in general.

Part II. will comprise:—Laws of the realm relating to public health. Sanitary statistics. Origin, propagation, pathology, and prevention of epidemic and infectious diseases. Effects of overcrowding, vitiated air, impure water and bad or insufficient food. Unhealthy occupations and the diseases to which they give rise. Water-supply and drainage in reference to health. Nuisances injurious to health. Distribution of diseases within the United Kingdom, and effects of soil, season and climate.

The examinations in both parts will be oral and practical as well as in writing. Candidates may present themselves for either part separately or for both together at their option.

Every candidate will be required to pay a fee of four guineas before admission to each part of the examination.

Every candidate who has passed both parts of the examination to the satisfaction of the examiners will receive a certificate testifying to his competent knowledge of what is required for the duties of a Medical Officer of Health.

All applications for admission to this examination or for information respecting it, should be addressed to Professor Living, Cambridge.

UNIVERSITY OF DURHAM.

REGULATIONS.

1.—No one shall be held to be a Student in Medicine who has not been registered in a register kept for that purpose. No one shall be so registered unless he has passed the Registration Examination, or such other examination as the Warden and Senate shall deem equivalent. The Registration Examination shall be directed to the rudiments of Religion, Literature, and Science, and shall be conducted by two or more Examiners nominated by the Warden.

2.—No Grace for a Licence in Medicine shall be granted, unless the Petitioner is of the age of 21 years, and has since his registration spent four years in medical study at one or more of the Schools recognised by the Licensing Bodies named in Schedule A. of the Medical Act, 1858, one of the said four years having been spent at the University's College of Medicine, Newcastle-upon-Tyne. No Grace for a Licence in Medicine shall be granted unless the Petitioner has passed two Public Examinations. No one shall be admissible to the first of these Examinations unless he has spent two years at least in medical study as above prescribed. No one shall be admissible to the second of these Examinations unless he has spent four years at least in medical study as above prescribed, and has passed the first Examination. No one shall be admissible to either of these Examinations unless he has produced satisfactory testimonials of conduct, and such certificates of attendance on Lectures and Hospital Practice as the Warden and Senate shall require. Each of these Examinations shall be conducted by three or more Examiners, nominated by the Warden and approved by Convocation, and shall be directed to such subjects of Medical Science and Practice as shall have been fixed on by the Warden and Senate.

3.—No Grace for the Degree of Bachelor of Medicine shall be granted, unless the Petitioner is of the standing of three terms at least as a Licentiate in Medicine, and of eighteen terms (6 years) at least from the date of his Registration or Matriculation. No one, who is not a Bachelor of Arts, shall be admissible to the Degree of Bachelor of Medicine, unless he has kept three terms by residence at Durham or equivalent residence in the University of Durham College of Medicine, Newcastle-upon-Tyne, and has passed the final Examination for the Degree of Bachelor of Arts, or an equivalent to it, as hereinafter described, besides the Examination for the Degree of Bachelor of Medicine. Residence and attendance at Lectures in Arts at Newcastle-upon-Tyne for one Winter and one Summer Session shall be accounted as equivalent to the three terms' residence at Durham, provided always that such residence and attendance at Lectures shall be in addition to the four years of Medical Study required under clause 2 of this section. The Examination for the Degree of Bachelor of Medicine shall be directed chiefly to the Practice of Medicine. The details shall be arranged by the Warden and Senate.

4.—No Grace for the Degree of Doctor of Medicine shall be granted unless the Petitioner is a Bachelor of Medicine of the standing of twenty-one terms at least (7 years) from his Registration or Matriculation, and of three terms at least from his admission to the Degree of Bachelor of Medicine, nor unless he has performed such exercises as the Warden and Senate require.

5.—No Grace for a Licence in Surgery shall be granted unless the Petitioner is of the age of 21 years, has spent four years in Medical and Surgical Study since his Registration as a Student in Medicine, in some one or more of the Schools recognised by the Licensing Bodies named in Schedule A. of the Medical Act, 1858, one of the said four years having been spent at the University's College of Medicine, Newcastle-upon-Tyne. No Grace for a Licence in Surgery shall be granted unless the Petitioner has passed two Public Examinations. The first of these Examinations shall be the first Examination appointed for Students in Medicine. No one shall be admissible to it, who has not spent two years in Medical and Surgical study, as above prescribed. The second of these Examinations shall be partly the same as the second Examination appointed for Students in Medicine, and shall be partly in Surgical subjects. No one shall be admissible to it, who has not spent four years at least in Medical and Surgical study as above prescribed, and passed the first Examination. No one shall be admissible to either of these Examinations unless he has produced satisfactory testimonials of conduct, and such certificates of attendance on Lectures and Hospital Practice as the Warden and Senate shall require. Each of these Examinations shall be conducted by three or more Examiners nominated by the Warden, and approved by Convocation, and shall be directed to such subjects as shall have been fixed on by the Warden and Senate. The second Examination for a Licence in Surgery may or may not be passed at the same time with the Second Examination for a Licence in Medicine.

6.—No Grace for the Degree of Master in Surgery shall be granted unless the petitioner is a Licentiate in Surgery, and also a Licentiate in Medicine, and is of the standing of 18 terms (6 years) at least from the date of his Registration or Matriculation, and of three terms at least from the date of his admission to the Licence in Surgery. No one, who is not a Bachelor of Arts, shall be admissible to the Degree of Master in Surgery unless he has kept three terms by residence at Durham or the equivalent residence at Newcastle-upon-Tyne provided for in clause 3 of this section, and has passed the final Examination for the Degree of Bachelor of Arts, or an equivalent to it, as hereinafter described, besides the Examination for the Degree of Master in Surgery. The Examination for the Degree of Master in Surgery shall be directed chiefly to the Practice of Surgery. The details shall be arranged by the Warden and Senate.

7.—The Warden and Senate shall have authority to arrange for Students in the Faculty of Medicine an Examination equivalent to that for the Degree of Bachelor of Arts, by substituting for the Theological part of it an Examination in Hippocrates, Galen, or such other ancient medical author or authors as they may think fit.

8.—Any Student in Medicine who was registered before Easter Term, 1868, shall be entitled to be admitted to the Degree of Master in Surgery on the same conditions as are above required for a Licence in Surgery.

9.—These Regulations shall not interfere with the power of the University to grant Degrees by Diploma to persons of sufficient standing and approved merit.

MEDICAL SCHOLARSHIPS.

A Medical Scholarship, of the annual value of 25*l.*, is awarded by Examination at the commencement of Michaelmas Term, early in October in each year, and is open to all candidates who have been duly registered as Students in Medicine. The scholarship is tenable for four years by a student pursuing his medical studies, and not of sufficient standing to proceed to a Licence in Medicine.

To facilitate reference to this List, the following explanation is necessary:—

1. The COUNTIES are arranged *alphabetically*; as are also the UNIONS under each County.
2. Each *paragraph* contains the particulars of *one union*. The name of the Union is given in *small capitals*, and the name of each district in *italics*. The letter P. is placed before the *Population*, and the letter A. before the *Area in Acres*. Then follows the name of the Medical Officer, with the amount of his salary.
3. To a few of the Unions an asterisk * has been prefixed, to signify that the Clerks of such Unions have not replied to the inquiries forwarded to them. For the correctness of the entries so marked, the Editors do not hold themselves responsible.
4. In those cases where the amounts of extras have been given, it may, *as a rule*, be inferred that both medical fees and vaccination charges have been included.

The Register will be opened each year,—for the *Winter* Session, on the 1st of November; and for the *Summer* Session, on the first Monday of May. On each occasion it will be kept open for the space of fifteen days; after which no names shall be entered therein unless a satisfactory reason be given for the delay.*

REGULATIONS FOR GRANTING MEDICAL DEGREES:

Framed in conformity with an Ordinance of the Universities (Scotland) Commissioners, dated March 16, 1861, and approved by Her Majesty in Council.

I. The following are the Degrees in Medicine granted by this University,—namely, Bachelor of Medicine (M.B.), Master in Surgery (C.M.), and Doctor of Medicine (M.D.)

DEGREES OF M.B. AND C.M.

Preliminary Examinations.—II. The preliminary branches of extra-professional education shall be English, Latin, Arithmetic, the Elements of Mathematics, and the Elements of Mechanics; and the proficiency of Students in these branches shall be ascertained prior to the commencement of their medical studies.

III. No Candidate shall be admitted to a Professional Examination who has not passed a satisfactory Examination on at least two of the following subjects, in addition to the subjects mentioned above:—Greek, French, German, Higher Mathematics, Natural Philosophy, Natural History, Logic, Moral Philosophy; and the Examination on these subjects shall, as far as possible, take place before the Candidate has entered on his Medical Curriculum.

IV. A Degree in Arts of any of the Universities of the United Kingdom, or of any other University specially recognised by the University Court, shall exempt Candidates from all Extra-Professional Examination.

PROFESSIONAL CURRICULUM.

V. No one shall be admitted to the Degrees of Bachelor of Medicine and of Master in Surgery who has not been engaged in Medical and Surgical study for four years,—the Medical Session of each year, or *Annus Medicus*, being constituted by Two Courses of not less than One Hundred Lectures each, or by one such Course, and Two Courses of not less than Fifty Lectures each.

VI. Every Candidate for the Degrees of Bachelor of Medicine and of Master in Surgery shall give sufficient evidence by Certificates—

* Particulars as to the Subjects of Examination, Books to be used, &c., may be had on application to the Secretary of the Medical Faculty.

1. That he has studied each of the following Departments of Medical Science,—namely, Anatomy, Chemistry, *Materia Medica* and Pharmacy, Institutes of Medicine, or Physiology, Practice of Medicine, Surgery, Midwifery, and the Diseases peculiar to Women and Children,* during Courses, including not less than One Hundred Lectures; Practical Anatomy, Six Months; Practical Chemistry, Three Months; Practical Midwifery—Three months at a Midwifery Hospital, or a Certificate of Attendance on Six Cases from a Registered Medical Practitioner; Clinical Medicine, Clinical Surgery, during Courses of Six Months, or Two Courses of Three Months, the Lectures being given at least Twice a week; Medical Jurisprudence, Botany, Zoology, with Comparative Anatomy, during Courses including not less than Fifty Lectures.

2. That he has attended for at least two years the Medical and Surgical Practice of a General Hospital, either at Aberdeen or elsewhere, which accommodates not fewer than eighty patients, and possesses a distinct Staff of Physicians and Surgeons.

3. That he has been engaged for at least three months, by Apprenticeship or otherwise, in compounding and dispensing Drugs at the Laboratory of an Hospital, Dispensary, Member of a Surgical College or Faculty, of a Licentiate of the London or Dublin Society of Apothecaries, or of a Member of the Pharmaceutical Society of Great Britain.

4. That he has attended for at least six months, by Apprenticeship or otherwise, the out-practice of a Hospital, or the practice of a Dispensary, or of a Registered Medical Practitioner.

VII. The studies of Candidates for the Degrees of Bachelor of Medicine and Master in Surgery shall be subject to the following regulations:—

1. One at least of the four years of Medical and Surgical study must be in this University.

2. Another of such four years must be either in this University, or in some other University entitled to give the Degree of Doctor of Medicine.

3. Attendance, during at least six winter months, on the Medical or Surgical practice of a General Hospital which accommodates at least eighty patients—and, during the same period, on a Course of Practical Anatomy—will be reckoned as one of such four years; and to that extent it will be held as equivalent to one year's attendance on Courses of Lectures, as hereinbefore prescribed.

4. One year's attendance on the Lectures of Teachers of Medicine in the Hospital Schools of London, or in the School of the Royal College of Surgeons of Ireland, will be reckoned as one of such four years; and to that extent it will be held as attendance on Courses of Lectures, as hereinbefore prescribed.

5. If the University Court, with the consent of the Chancellor, shall, at any time, by regulation to that effect, recognise, for the purpose of Graduation in this University, the Lectures of any private Teacher or Teachers of Medicine, then and in that case attendance on such Lectures will be reckoned in place of the year's attendance under Sub-section 4, or as part thereof, as the case may be.

6. Candidates may, to the extent of four of the departments of Medical study above required, attend in such year or years of their Medical and Surgical studies, as may be most convenient to them, the Lectures of the Teachers of Medicine specified in Sub-sections 4 and 5.

7. In the event of the Lectures of any private Teachers of Medicine being recognised in terms of Sub-section 5, all Candidates availing themselves of the permission to attend the Lectures of such Teachers, and not being, at the time, Matriculated Students of the University, must, at the commencement of the year of such attendance, enrol their names in a book which will be kept by the University for the purpose,—paying a fee of one-half the amount of the Matriculation Fee paid by Students of the University; but they shall not be thereby entitled to any of the privileges of a Matriculated Student of the University.

8. The Fee for attendance on the Lectures of any private Teacher, with a view to Graduation, shall not be of less amount than that exigible by Medical Professors of the University for the same course of instruction.

9. No attendance on Lectures will be reckoned if the Teacher give instruction in more than one of the prescribed branches of study, except in those cases where Professors of the University are at liberty to teach more than one branch.

10. It shall not be necessary for any private Teacher, attendance on whose Lectures is now recognised for the purpose of Graduation in the University, to obtain a new recognition from the University Court.

11. It shall be in the power of the University Court, if it shall see cause, at any time to withdraw or suspend the recognition of any private Teacher or Teachers.

VIII. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall, at such Examination Term in which he proposes to graduate, lodge with the Dean of the Faculty of Medicine—

1. A declaration, in his own handwriting, that, on the day of Graduation, he will have completed his twenty-first year, and will not be under articles of Apprenticeship;

2. A statement of his studies, as well in Literature and Philosophy as in Medicine, accompanied with proper Certificates;

3. An Inaugural Dissertation, composed by himself, to be approved by the *Senatus Academicus*.

* Two Courses of Midwifery, of Three Months each, will be reckoned equivalent to a Six Months Course, provided different departments of Obstetric Medicine be taught in each of the Courses.

PROFESSIONAL EXAMINATIONS.

These will be held twice in each year, namely, in April and July, directly after the close of the Winter and Summer Sessions.

IX. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall undergo *Three* Professional Examinations, which will be conducted both in writing and *ex voce*, as follows:—

The *First* Examination (not to be taken before the end of the Second Year of study) to include Chemistry, Botany, Elementary Anatomy, and Materia Medica.

The *Second* Examination (not to be taken before the end of the Third Year) to include Advanced Anatomy, Zoology with Comparative Anatomy, Physiology, and Surgery.

The *Third* Examination (not to be taken before the end of the Fourth Year) to include Practice of Medicine and General Pathology, Clinical Medicine, Clinical Surgery, Midwifery, and Medical Jurisprudence.

1. The Examinations in Anatomy, Chemistry, Physiology, Botany, Zoology, and Materia Medica will be conducted, as far as possible, by Demonstrations of Objects exhibited to the Candidates; and those on Medicine and Surgery, in part, by Clinical Demonstrations.

2. Candidates may be admitted to Examination on the first two of these divisions, at the end of their Third Year; or to the three Examinations at the end of their Fourth Year.

3. If any Candidate, on Examination, be found unqualified, he shall not be again admitted to examination, unless he shall have completed another year of Medical study, or such portion of another year as may be prescribed by the Examiners, when he is found unqualified.

X. The Medical Examiners for Graduation in Medicine are the Professors in the Faculty of Medicine, and, in addition, three persons appointed annually by the University Court.

XI. The Degree of Master in Surgery shall not be conferred on any person who does not, at the same time, obtain the Degree of Bachelor of Medicine.

DEGREE OF M.D.

XII. The Degree of Doctor of Medicine may be conferred on any Candidate who has obtained the Degree of Bachelor of Medicine, and is of the age of twenty-four years, and has been engaged, subsequently to his having received the Degree of M.B. for two years, in attendance on an Hospital, or in the Military or Naval Medical Service, or in Medical or Surgical practice. Provided always that the Degree of Doctor of Medicine shall not be conferred on any person unless he be a Graduate in Arts, or unless he shall, before or at the time of his obtaining the Degree of Bachelor of Medicine, or within three years thereafter, have passed a satisfactory Examination in Greek, and in Logic or Moral Philosophy, and in one at least of the following subjects, namely, French, German, Higher Mathematics, Natural Philosophy, and Natural History.

EXEMPTION FROM THE FOREGOING REGULATIONS.

XIII. Candidates who began their Medical studies before the first Tuesday of November 1861, are entitled to graduate under the Regulations applicable to Medical Students in force before that date.

FEES FOR GRADUATION.

XIV. 1. Each Candidate for the Degree of M.B. shall pay a Fee of Five Guineas in respect of each of the three Professional Examinations; each such Fee of Five Guineas being payable at the time at which the Candidate comes forward to be examined in that Division in respect of which it is payable.

2. If the Candidate desires to be admitted to the Degree of Bachelor of Medicine only, he shall not, on admission thereto, be required to pay any further Fee in addition to the Five Guineas so paid by him: but if he desires to be admitted to the Degree of Master in Surgery also, he shall, on being admitted to such Degree, pay a further Fee of Five Guineas.

3. And every Candidate for the Degree of Doctor of Medicine shall pay, in addition to the Fee paid by him for the Degree of Bachelor of Medicine, a Fee of Five Guineas, exclusive of any stamp duty which may for the time be exigible.

STATUTES OF THE UNIVERSITY OF EDINBURGH RELATIVE TO GRADUATION IN MEDICINE AND SURGERY.

Three Medical Degrees are conferred by the University of Edinburgh—viz.: Bachelor of Medicine (M.B.), Master in Surgery (C.M.), and Doctor of Medicine (M.D.). The Degree of Master in Surgery is not conferred on any person who does not also at the same time obtain the Degree of Bachelor of Medicine.

I. The preliminary branches of Extra-Professional Education are English, Latin, Arithmetic, the Elements of Mathematics, and the Elements of Mechanics; and the proficiency of Students in these branches is ascertained by Examination, prior to the commencement of their Medical Study.

II. No Candidate is admitted to a Professional Examination who has not passed a satisfactory examination on at least two of the following subjects (in addition to the subjects mentioned above):—Greek, French, German, Higher Mathematics, Natural Philosophy, Logic, Moral Philosophy; and the examination on these latter subjects also takes place before the Candidate has entered on his Medical Curriculum.

The Examinations under Sections I. and II. are conducted by Examiners in Arts, together with some of the Medical Examiners.

III. A Degree in Arts (not being an Honorary Degree) in any one of the Universities of England, Scotland, or Ireland, or in any Colonial or Foreign University, specially recognised for this purpose by the University Court, exempts from all Preliminary Examination; and an Examination in Arts by any Corporate Body, whose Examination has been recognised as qualifying for entrance on Medical Study by Resolution of the General Medical Council of the United Kingdom, provided the said Examination by the said Corporate Body shall be also approved by the University Court, shall exempt from Preliminary Examination in Arts on all subjects comprised in the said Examination of the said Corporate Body.

IV. No one is admitted to the Degree of Bachelor of Medicine or Master in Surgery who has not been engaged in Medical and Surgical Study for Four Years,—the Medical Session of each year, or *Annus Medicus*, being constituted by at least two courses of not less than one hundred lectures each, or by one such course, and two courses of not less than fifty lectures each; with the exception of the Clinical Courses, in which Lectures are to be given at least twice a-week during the prescribed periods.

V. Every Candidate for the Degrees of M.B. and C.M. must give sufficient evidence by certificate—

1. That he has studied each of the following departments of Medical Science, viz.:—Anatomy, Chemistry, Materia Medica, Institutes of Medicine or Physiology, Practice of Medicine, Surgery, Midwifery, and the Diseases peculiar to Women and Children; two Courses of Midwifery of Three Months each, being reckoned equivalent to a Six Months' Course, provided different departments of Obstetric Medicine be taught in each of the Courses; General Pathology, or in Schools where there is no such Course, a Three Months' Course of Lectures on Morbid Anatomy, together with a supplemental Course of Practice of Medicine, or Clinical Medicine, during the Courses including not less than one hundred Lectures; Practical Anatomy, a Course of the same duration as those of not less than One Hundred Lectures above prescribed; Practical Chemistry, Three Months; Practical Midwifery, Three Months at a Midwifery Hospital, or a Certificate of attendance on six cases from a Registered Medical Practitioner; Clinical Medicine, and Clinical Surgery. Courses of the same duration as those of not less than One Hundred Lectures above prescribed, or two Courses of Three Months, Lectures being given at least twice a-week; Medical Jurisprudence, Botany, and Natural History, including Zoology, during Courses including not less than Fifty Lectures.

2. That he has attended, for at least two years, the Medical and Surgical practice of a general hospital which accommodates not fewer than eighty patients, and possesses a distinct staff of Physicians and Surgeons.

3. That he has been engaged, for at least three months, by apprenticeship or otherwise, in compounding and dispensing drugs at the Laboratory of an Hospital, Dispensary, Member of a Surgical College or Faculty, Licentiate of the London or Dublin Society of Apothecaries, or a Member of the Pharmaceutical Society of Great Britain.

4. That he has attended, for at least six months, by apprenticeship or otherwise, the Out-practice of an Hospital, or the Practice of a Dispensary, Physician, Surgeon, or Member of the London or Dublin Society of Apothecaries.

VI. The studies of Candidates for the Degrees of Bachelor of Medicine and Master in Surgery are subject to the following regulations:—

1. One of the four years of Medical and Surgical study, required by Section IV., must be in the University of Edinburgh.

2. Another of such four years of Medical and Surgical study must be either in the University of Edinburgh, or in some other University entitled to give the Degree of Doctor of Medicine.

3. Attendance during at least six winter months on the Medical or Surgical Practice of a general hospital, which accommodates at least eighty patients, and during the same period, on a course of Practical Anatomy, may be reckoned as one of such four years, and to that extent shall be held equivalent to one year's attendance on Courses of Lectures, as above prescribed.

4. One year's attendance on the Lectures of Teachers of Medicine in the Hospital Schools of London, or in the School of the College of Surgeons in Dublin, or of such Teachers of Medicine in Edinburgh, or elsewhere, as shall from time to time be recognised by the University Court, may be reckoned as one of such four years, and to that extent shall be held as attendance on Courses of Lectures, as above prescribed.

5. Candidates may, to the extent of Four of the Departments of Medical Study required by Section V., Sub-section 1, attend in such year or years of their Medical and Surgical studies, as may be most convenient to them, the Lectures of the Teachers of Medicine specified in the foregoing Sub-section 4.

6. All Candidates, not Students of the University, availing themselves of the permission to attend the Lectures of Extra-Academical Teachers in Edinburgh must, at the commencement of each year of such attendance, enrol their names in a book to be kept by the University for that purpose, paying a fee of the same amount as the Matriculation Fee paid by Students of the University, and having, in respect of such payment, a right to the use of the Library of the University.

7. The fee for attendance on the Lectures of an Extra-Academical Teacher in Edinburgh, with a view to Graduation, must be of the same amount as that exigible by Medical Professors in the University.

8. No Teacher is recognised who is at the same time a Teacher of more than one of the prescribed branches of study, except in those cases where Professors in the University are at liberty to teach two branches.

9. It is not necessary for any Teacher, attendance on whose Lectures is now recognised for the purposes of Graduation in the University, to obtain a new recognition from the University Court, and attendance on the Lectures of every such Teacher will continue to be recognised as heretofore.

10. It is in the power of the University Court, if they shall see cause, at any time to withdraw or suspend the recognition of any Teacher or Teachers.

VII. Every Candidate must deliver, before the thirty-first day of March of the year in which he proposes to graduate, to the Dean of the Faculty of Medicine,—1. A declaration, in his own handwriting, that he has completed his twenty-first year;* and that he will not be, on the day of graduation, under articles of Apprenticeship to any Surgeon or other master. 2. A statement of his Studies, as well in Literature and Philosophy as in Medicine, accompanied with proper Certificates.

VIII. Each Candidate is examined, both in writing and *visd voce*.—*first*, on Chemistry, Botany, and Natural History; *secondly*, on Anatomy, Institutes of Medicine, Materia Medica (including Practical Pharmacy), and Pathology; *thirdly*, on Surgery, Practice of Medicine, Midwifery, and Medical Jurisprudence; *fourthly*, Clinically on Medicine and on Surgery in an Hospital. The Examinations on Anatomy, Chemistry, Institutes of Medicine, Botany, Natural History, Materia Medica, and Pathology, are conducted, as far as possible, by Demonstrations of objects placed before the Candidates.

IX. Students who profess themselves ready to submit to an Examination on the First Division of these subjects at the end of their second year, may be admitted to Examination at that time.

X. Students who have passed their Examination on the First Division of these subjects may be admitted to Examination on the Second Division at the end of their third year.

XI. The Examination on the Third and Fourth Divisions cannot take place until the Candidate has completed his fourth *Annus Medicus*.

XII. Candidates may, if they choose, be admitted to Examination on the first two of these Divisions at the end of their third year; or to the four Examinations at the end of their fourth year.

XIII. If any Candidate at these Examinations be found unqualified, he cannot be again admitted to Examination unless he has studied during another year two of the prescribed subjects, either in the University, or in some other School of Medicine.

XIV. After the Candidate has satisfied the Medical Examiners, the Dean will lay the

* Or that he will have done so on or before the day of Graduation.

proceedings before the *Senatus Academicus*, by whose authority the Candidate will be admitted, on the first day of August, or, if that day be Sunday, then on the following day, to the Degree of Bachelor of Medicine, or to the Degrees of Bachelor of Medicine and of Master in Surgery.

XV. The *Senatus Academicus*, on the day here appointed, will assemble at Ten o'clock A.M., for the purpose of conferring Degrees; and no Candidate, unless a sufficient reason be assigned, shall absent himself, on pain of being refused his Degree for that year.

XVI. Candidates for Graduation are required to produce evidence of their having conformed to the Regulations which were in force at the time they commenced their Medical Studies.

XVII. The Degree of Doctor of Medicine may be conferred on any Candidate who has obtained the degree of Bachelor of Medicine, and is of the age of twenty-four years, and produced a certificate of having been engaged, subsequently to his having received the Degree of Bachelor of Medicine, for at least two years in attendance on an Hospital, or in the Military or Naval Medical Services, or in Medical and Surgical Practice: provided always, that the degree of Doctor of Medicine shall not be conferred on any person, unless he be a Graduate in Arts of one of the Universities of England, Scotland, or Ireland, or of such other Universities as are above specified, or unless he shall, before or at the time of his obtaining the Degree of Bachelor of Medicine, or thereafter, have passed a satisfactory Examination in Greek, and in Logic or Moral Philosophy, and in one at least of the following subjects, namely, French, German, Higher Mathematics, and Natural Philosophy. And provided also that the Candidate for the Degree of Doctor of Medicine shall submit to the Medical Faculty a Thesis, certified by him to have been composed by himself, and which shall be approved by the Faculty, on any branch of knowledge comprised in the professional examinations for the Degree of Bachelor of Medicine, which he may have made a subject of study after having received that Degree.

The Candidate must lodge his Thesis with the Dean on or before 30th April of the year in which he proposes to graduate. No Thesis will be approved by the Medical Faculty which does not contain either the results of original observations in Practical Medicine, Surgery, Midwifery, or some of the Sciences embraced in the Curriculum for the Bachelor's Degree; or else a full digest and critical exposition of the opinions and researches of others on the subject selected by the Candidate, accompanied by precise references to the publications quoted, so that due verification may be facilitated.

Candidates, settled for a period of years in foreign parts, who have complied with all the regulations for the Degree of M.D. (under the new Statutes), but who cannot appear personally to receive the Degree, may, on satisfying the *Senatus* to that effect, by production of sufficient official testimonials, have the Degree conferred on them in absence.

XVIII. The Medical Examiners for all Candidates for Graduation in Medicine are the Professors in the Faculty of Medicine, along with the twelve non-professional Examiners appointed annually by the University Court.

XIX. The Provisions of these Statutes came into operation on the 4th of February, 1861.

XX. Persons who began their Medical Studies before the 4th of February, 1861, are entitled to graduate under the system in force before or after that date, according as they may comply with the regulations in force in the University before or after that date.

Note.—In conformity with the desire expressed by the Privy Council, it has been resolved that a Candidate for a Degree in Medicine must produce at his final examination a certificate from a Dispensary or other Public Institution where Vaccination is practised, or from a registered Medical Practitioner, attesting that he has been practically instructed in the operation, and is acquainted with the appearances which follow its performance.

FEES FOR DEGREES.

First Professional Examination, £5 5 0; Second Professional Examination, £5 5 0; Final Examination, £5 5 0; Total Fees for M.B. Diploma, £15 15 0; Additional Fee for C.M. Diploma, £5 5 0; Additional Fee for M.D. Diploma, £5 5 0; Government Stamp-duty for M.D. only, £10; Total Fees and Stamp for graduating as M.D. only, by Regulations for Students commencing before Feb. 1861, £25 0 0.

NOTICE TO CANDIDATES FOR GRADUATION WHO COMMENCED THEIR STUDIES BEFORE 1861

Candidates who commenced their Medical Studies by attendance on Qualifying Classes before the fourth day of February, 1861, are entitled to appear for Examination for the Degree of Doctor of Medicine, after four years' study, on completing their twenty-first year, and without having taken the Degree of Bachelor of Medicine. They are also exempted from the Preliminary Examinations mentioned in Sections I. and II., and require only to undergo an Examination in Latin. They are also exempted from attendance on Practical Chemistry, and Practical Midwifery, and require only three months of Clinical Surgery, and eighteen months of Hospital attendance.

Information relative to Matriculation and the Curricula of Study for Degrees, Examinations, &c. &c., will be found in the University Calendar, and may be obtained on application to the Secretary at the College.

PUBLIC HEALTH.

In consequence of the great demand which now exists for Medical Officers of Health, and the importance to the public of some means of ascertaining that members of the Medical Profession have specially studied the subject of Public Health, Science Degrees in the Department of Public Health have been instituted, under the following conditions:—

1. Candidates for Graduation in Science in the Department of Public Health must be Graduates in Medicine of a British University, or of such Foreign or Colonial Universities as may be generally recognised by the University Court. 2. Candidates who have not passed an *Annus Medicus* in the University of Edinburgh must, before presenting themselves for Examination, have

attended as Matriculated Students in the University at least Two Courses of instruction, scientific or professional, bearing on the subjects of the Examinations. 3. There are Two Examinations for the Degree of Bachelor of Science in the Department of Public Health. Candidates who have passed the first Examination may proceed to the second, after an interval of five months. 4. Candidates must produce evidence that, either during their medical studies or subsequently, they have attended a course of lectures in which instruction was given on Public Health, and that they have studied Analytical Chemistry practically for three months with a recognised teacher. 5. The Examinations are written, oral and practical, and are conducted by University Examiners selected by the University Court. 6. The subjects of the Examinations for the Degree of Bachelor of Science in the Department of Public Health are as follows:—

First Examination.—(1.) Chemistry—Analysis of Air, Detection of Gaseous Emanations and other Impurities in the Atmosphere. Analysis of Waters for Domestic Use, and Determination of the Nature and Amount of their Mineral and Organic Constituents. Detection, Chemical and Microscopical, of Adulterations in Articles of Food and Drink, and in Drugs. Practical Examination, including at least two analytical researches. (2.) Physics—Hydraulics and Hydrostatics, in reference to Water Supply, Drainage, and Sewerage. Pneumatics, in reference to Warming and Ventilation. Meteorology, and Methods of making Meteorological Observations. Measurement, in reference to the Plans and Sections of Public and Private Buildings, Mines, Waterworks, and Sewers. (3.) Sanitary Law—Knowledge of the leading Sanitary Acts of Parliament. 4. Vital Statistics—Knowledge of Statistical Methods and Data in reference to Population, Births, Marriages, and Deaths.

Second Examination.—(1.) Medicine—Origin, Nature, and Propagation of Epidemic and Contagious Diseases. Prevention of Contagion and Infection. Endemic Diseases and the Geographical distribution of Disease. Insalubrious Trades. Overcrowding. Epizootics, including pathological changes. (2.) Practical Sanitation—Duties of a Health Officer in reference to:—Water Supply. Insalubrious Dwellings and Public Buildings. Removal and Disposal of Sewage and other Refuse and Impurities. Cemeteries. Nuisances from Manufactories, &c. Bad or Insufficient Supplies of Food. Outbreaks of Zymotic Diseases. Quarantine. Disinfectants and Deodorizers. Construction of Permanent and Temporary Hospitals.

The written Examinations will take place in October and April. An Oral Examination, and an Examination in Practical Chemistry in the Laboratory will take place a few days after the written Examination.

DOCTOR OF SCIENCE.

Bachelors of Science in the Department of Public Health may, after the lapse of one year, proceed to the Degree of Doctor in the same department, on producing evidence that they have been engaged in Practical Sanitation since they received the Degree of Bachelor of Science, and on presenting a Thesis on some subject embraced in the Department of Public Health. Every such Thesis must be certified by the Candidate to have been composed by himself, and must be approved of by the Examiners.

Candidates for the Degree of D.Sc. must lodge their Theses with the Dean of the Medical Faculty on or before 31st January in the year in which they propose to graduate. No Thesis will be approved which does not contain either the results of original observations on some subject embraced in the examination for B.Sc., or else a full digest and critical exposition of the opinions and researches of others on the subject selected by the Candidate, accompanied by precise references to the publications quoted, so that due verification may be facilitated.

The Degrees in Science are conferred at the Graduation Ceremonial in April.

The following are recommended as books to be studied in preparation for the above Examinations:—Parkes, E., *Practical Hygiene*. Wilson, George, *Hand-Book of Hygiene*. Smith, Edw., *Manual for Public Officers of Health*. Smith, Edw., *Hand-Book for Inspectors of Nuisances*. Michael, Corfield, and Wanklyn, *Manual of Public Health*, edited by E. Hart. Latham, Baldwin, *Sanitary Engineering*. Law, Henry, *Rudiments of Civil Engineering*. Monro, Geo., *The Public Health (Scotland) Act*. Buchan, Alex., *Introductory Text-Book of Meteorology*.

REGISTRAR: Thomas Moir.

MEDICAL DEPARTMENT.

WINTER SESSION.—Commences Oct. 26, and terminates second week of April. *Courses of Instruction.* Chemistry, 10 a.m. Laboratory, 10 a.m. to 4 p.m.; Mr. J. Ferguson, M.A. *Anatomy, junior*, 11 a.m.; *senior*, 2 p.m. *Pract. Anat.*, 9 a.m. to 4 p.m.; Dr. Allen Thomson and Dr. Knox. *Materia Medica and Pharmacy*, 11 a.m.; Dr. Cowan. *Practices of Medicine*, 12 noon; Dr. Gairdner. *Surgery*, 1 p.m.; Dr. MacLeod. *Pathology*, 2 p.m.; — *Physiology*, 3 p.m.; Dr. A. Buchanan. *Mitwifery*, 5 p.m.; Dr. Leishman. *Medical Jurisprudence*, 4 p.m.; Dr. P. A. Simpson. *Clinical Medicine*, Dr. McCall Anderson. *Clinical Surgery*, Dr. Geo. Buchanan.

SUMMER SESSION.—Commences first Tuesday in May, terminates last week of July. *Practical Chemistry*, 10 a.m. and 1 p.m. *Laboratory*, 9½ a.m. to 4½ p.m.; Mr. J. Ferguson. *Anatomy*,

11 a.m. *Practical Anatomy*, 7 a.m. to 2 p.m.; Dr. Allen Thomson and Dr. Knox. *Botany*, 12 noon; Dr. Alex. Dickson. *Operative Surgery*, 1 p.m.; Dr. MacLeod. *Zoology and Comparative Anatomy*, 2 p.m.; Dr. Young. *Practical Pharmacy*, 12 noon; Dr. Cowan. *Clinical Medicine*, Dr. McCall Anderson. *Clinical Surgery*, Dr. Geo. Buchanan. *Practical Physiology*, Mr. W. J. Fleming. *Diseases of the Eye*, 1 p.m.; Dr. T. Reid.

Clinical Lectures are delivered during the Winter and Summer Sessions—on Surgery by Professors G. Buchanan and G. H. B. MacLeod; on Medicine by Professors T. McCall Anderson and W. T. Gairdner; also by the other Medical Officers of the Western Infirmary, and by the Surgeons and Physicians of the Royal Infirmary.

Class Fees: For each Class, 3*l.* 3*s.*, with the following exceptions, viz.: *Operative Surgery*, 3*l.* 3*s.*; *Practical Pharmacy*, 2*l.* 2*s.*; *Lectures on the Eye*, 1*l.* 1*s.*; *Analytical Chemistry*, 4*l.* 4*s.* for three months, including apparatus and re-agents.

Western Infirmary: Visit daily at 9 a.m. Clinical Lectures given by the Physicians and Surgeons. Fees admitting to the Hospital:—For the first year, 3*l.* 3*s.*; for the second year, 3*l.* 3*s.*; for the third year and perpetual, 1*l.* 1*s.*; Instruction in Vaccination, 1*l.* 1*s.*; *Practical Pharmacy* (six months), 3*l.* 3*s.* Fees for Clinical Lectures—for first winter course in *Medicine* or *Surgery*, 3*l.* 3*s.*; for a second course, 1*l.* 1*s.*; for a summer course, 1*l.* 1*s.*

University Obstetric Hospital and Practical Midwifery: Attendance on cases of Midwifery in connexion with this Hospital, and under the direction of the Professor of Midwifery. Fee for six months, 1*l.* 1*s.*

Eye Infirmary, 170, Berkeley-street: Visit daily at 1 p.m. Fee for six months, 2*l.* 2*s.*, or to those attending the Lectures on the Eye, 1*l.* 1*s.*

Enrolment. *Library and Reading Rooms:* By the Regulations of the Senate, every Student must, at the beginning of the Session, enrol his name in the Album of the University, at the Registrar's Office. Medical Students are required to enrol within fifteen days after the commencement of the Session. The Matriculation Fee is 1*l.*

Hunterian Museum: This Museum, illustrative of Anatomy and the various departments of Medicine, Natural History, Antiquities, and the Fine Arts, is open to the Students of the Natural History Class during the course, and to Medical Students at all times on the purchase of the Catalogue of the Medical department.

Botanic Garden: The Botanic Garden is adapted to the illustration of the Lectures on Botany, and is open to the Students of the Botanical Class during the Session.

Bursaries tenable by Medical Students: The Brisbane Bursary, of 50*l.* yearly, is held for four years by a Student of Medicine, who is Master of Arts. The Walton Bursary, of 36*l.* yearly, is held by a Medical Student (a native of England being preferred) for four years. The Armagh Bursaries, three in number, amounting each to 25*l.* yearly, for three years, are open to Students of Divinity and Medicine who have taken the Degree of M.A. Two Rainy Bursaries, value 20*l.* per annum each, open to Medical Students who have completed the second year of professional study, and tenable for two years. A Logan Bursary of 15*l.* yearly is held by a Medical Student for four years.

Recognition by Public Boards: Attendance on the Lectures at the University of Glasgow qualifies for examination at all the Public Boards. Graduates in Surgery of this University are recognised by the English Poor Law Unions, and by the East India Government, on the same footing as Licentiates of the Royal College of Surgeons of England.

STATUTES RELATIVE TO GRADUATION IN MEDICINE.

Three Degrees in Medicine are granted by this University, viz., Bachelor of Medicine (M.B.), Master in Surgery (C.M.), and Doctor of Medicine (M.D.), according to the following Regulations:—

I. DEGREES OF BACHELOR OF MEDICINE AND MASTER IN SURGERY.

A.—General Education:—1. Candidates for these Degrees are required to pass an examination in the following branches, viz.,—English, Latin, Arithmetic, the Elements of Mathematics and the Elements of Mechanics. The proficiency of Students in these Branches is ascertained by examination, prior to the commencement of their Professional Education.

2. Candidates are also required, previous to their First Professional Examination, to pass an examination in at least two of the following subjects, selected by the Candidate, viz.:—Greek, French, German, Higher Mathematics, Natural Philosophy, Natural History, Logic, Moral Philosophy:—and this examination takes place, as far as possible, before the Candidate has entered upon his Medical Curriculum.

3. The Examinations in General Education are conducted by some of the Examiners in Arts (who may be Professors), together with some of the Medical Examiners.

4. A Degree in Arts (not being an honorary Degree) of any of the Universities of England, Scotland, and Ireland, or a Degree in Arts of any Colonial or Foreign University, which may for this purpose have been specially recognised by the University Court, exempts Candidates from Examination in General Education.

B.—Professional Education:—1. Candidates must have been engaged in Professional Study for a period of four years; the Medical Session of each year, or *Annus Medicus*, being constituted by attendance on at least two Courses of not less than one hundred Lectures each, or on one such Course and two Courses of not less than fifty Lectures each: excepting in the case of the Clinical Courses, in which it shall be sufficient that the Lectures be given twice a-week during the prescribed period.

2. Of the four years constituting the Curriculum, one at least must have been passed in the University of Glasgow, and another either in that University or in some other University entitled

to give Degrees in Medicine. For the remaining years, if not passed at a recognised University, attendance during at least Six Winter Months on the Medical and Surgical Practice of a General Hospital, which accommodates at least eighty patients, with a Course of Practical Anatomy during the same period, may be reckoned one *Annus Medicus*; and another such year may be constituted by attendance for the requisite period on the Lectures of Teachers of Medicine in the Hospital-Schools of London, or in the School of the College of Surgeons of Dublin, or in such other Schools as may for the purpose be recognised by the University Court, with the consent of the Chancellor of the University. But attendance on Lectures by such Teachers is not recognised to the extent of more than four of the departments of Medical Study required for the Curriculum.

3. Candidates must produce Certificates of having studied the following departments of Medical Science, in the manner specified:—Anatomy, Chemistry, Institutes of Medicine or Physiology, *Materia Medica* and Pharmacy, Surgery, Practice of Medicine, Midwifery and Diseases of Women and Children; * each in a Course of not less than one hundred Lectures. Botany, Zoology, with Comparative Anatomy, Medical Jurisprudence; each in a Course of not less than fifty Lectures.

Pathological Anatomy, in a Three Months' Course of Lectures, with a supplemental Course either of Practice of Medicine or of Clinical Medicine. But a Course of General Pathology, of one hundred Lectures, will be held equivalent to the foregoing.

Clinical Surgery, Clinical Medicine; each in a Six Months' Course, or in two Three Months' Courses.

Practical Anatomy, during Six Months.

Practical Chemistry, during Three Months.

Practical Pharmacy, during Three Months; consisting in Compounding and Dispensing Drugs in the Laboratory of an Hospital or Dispensary, of a Registered Medical Practitioner, or of a Member of the Pharmaceutical Society of Great Britain.

Hospital Practice, Surgical and Medical; consisting in attendance during Two Years at a recognised General Hospital, accommodating not fewer than eighty Patients.

Practical Midwifery; consisting in attendance during Three Months at an Obstetric Hospital, or attendance on at least six cases of Labour, certified by a Registered Medical Practitioner.

Out-door Practice, during Six Months, at an Hospital or Dispensary, or with a Registered Medical Practitioner.

Vaccination; evidence of a practical knowledge of, obtained from a recognised institution.

C.—*Professional Examinations*: 1. Candidates are examined on all the departments of Medical Study required in the Curriculum, in three Divisions, as follows:—*Firstly*. On Chemistry, Botany, and Elementary Anatomy; *Secondly*. On Advanced Anatomy, Zoology, with Comparative Anatomy, and Physiology; and *Thirdly*. On *Materia Medica*, General Pathology, Surgery, Practice of Medicine, Midwifery, Medical Jurisprudence, Clinical Surgery, and Clinical Medicine.

2. The Examinations on these subjects are conducted partly in writing and partly *ex vivo*. The Examinations on Anatomy, Chemistry, Physiology, Botany, Zoology, and *Materia Medica* are also conducted, as far as possible, by Demonstrations of objects; and those on Surgery and Medicine, in part by Clinical Demonstrations.

3. Candidates may be admitted to examination on the First Division of subjects, at the end of the Second year of their Studies, upon producing Certificates of their having attended the required Courses; and those who have passed the First Examination may be examined on the Second Division of subjects, at the end of their Third year of Study. The Examination on the Third Division of subjects cannot take place until the Candidates have completed their Course of Study, and have passed the Examination on the First Two Divisions.

4. Candidates may be admitted to the first two of these Examinations after their Third year of Study; or to the Three Examinations after the completion of their Studies; but they are strongly recommended to take the First and Second Examinations at an earlier period, as suggested in the foregoing Regulation.

5. If any Candidate shall, on examination, be found unqualified, he cannot be again admitted to Examination until he shall have completed another year of study, or such portion of another year as may be prescribed by the Examiners.

6. The Medical Examiners are the Professors in the Faculty of Medicine of the University (including the Professor of Natural History), and the Assessors appointed annually for the purpose by the University Court.

D.—*Age of Candidates*: Every Candidate for the Degree of Bachelor of Medicine must produce a Certificate that, on the day of Graduation, he will have attained the age of twenty-one years.

E.—*Degree of Master in Surgery*: This Degree is conferred only on Candidates who obtain at the same time the Degree of Bachelor of Medicine.

II. DEGREE OF DOCTOR OF MEDICINE.

Candidates for the Degree of Doctor of Medicine must produce evidence to the following effect:—

First, Of having completed the age of twenty-four years.

Second, Of having obtained the Degree of Bachelor of Medicine.

Third, Of possessing a Degree in Arts, or of having either before or at the time of obtaining the Bachelor's Degree, or within three years thereafter, passed an examination in Greek, in Logic or Moral Philosophy, and in one at least of the following subjects, which the Candidate is at liberty to select, viz.:—French, German, Higher Mathematics, Natural Philosophy, and Natural History.

* Two Courses of Midwifery, of Fifty Lectures each, are reckoned equivalent to one Course of One Hundred Lectures, provided they embrace different departments of Obstetric Medicine.

Fourth, Of having been engaged, after obtaining the Degree of Bachelor of Medicine, for at least Two Years in attendance on an Hospital, or in the Military or Naval Medical Service, or in Medical and Surgical Practice.

Fifth, Each Candidate is required, previous to graduation, to produce an Inaugural Dissertation, composed by himself, on a subject in Medicine, or one of the allied Sciences, for the approval of the Senatus Academicus.

III. GENERAL REGULATIONS.

1. The annual terms for conferring Medical and Surgical Degrees are the first of May and the first of August.

2. The Professional Examinations are held in April, July, and October. Before being admitted to examination, every Candidate must, at such period of the year as may be fixed by the Senate of the University, lodge with the Registrar a Statement* of his Studies, General and Professional, together with the proper Certificates, including, when necessary, that of age, his Inaugural Dissertation (for the Doctorate), or other Documents, and the Fees.

3. The Examinations in General Education are held in the beginning of October and beginning of April.

4. The Fees for the foregoing Degrees are as follow, viz.:—

For the Degree of M.B.	£15 15 0
For the Degree of C.M. (in addition to the fees for M.B.)	5 5 0
For the Degree of M.D. (in addition to the fees for M.B.), £25 5s., and Government Stamp for Diploma, £10 3s.	15 8 0

5. The foregoing Statutes apply to all Candidates who commenced their Medical Studies on or after the 1st October, 1861. Candidates who began their Medical Studies before that date are entitled to obtain their Degrees according to the Regulations existing at the time when they commenced their Studies.

For further particulars see page 1280.

EXAMINERS.

Anatomy and Physiology: Jas. Bell Pettigrew, M.D. *Botany and Natural History*: H. Alleyne Nicholson, M.D. *Chemistry*: M. Forster Heddle, M.D. *Materia Medica and Med. Jurisprudence*: H. D. Littlejohn, M.D. *Midwifery*: A. Keiller, M.D. *Diseases of Women and Children*: T. Keith, M.D. *Practice of Medicine*: G. W. Balfour, M.D. *Surgery*: Patrick Heron Watson, M.D.

REGULATIONS REGARDING MEDICAL DEGREES, 1864.

I. The Degree of Doctor of Medicine may be conferred by the University of *St. Andrews* on any registered Medical Practitioner above the Age of Forty Years, whose professional Position and Experience are such as, in the Estimation of the University, to entitle him to that Degree, and who shall on Examination, satisfy the Medical Examiners of the Sufficiency of his Professional Knowledge: provided always, that Degrees shall not be conferred under this Section to a greater number than Ten in any One Year.

II. Any Person presenting himself as a Candidate for the Degree of Doctor of Medicine under the first section, without having previously obtained the Degree of Bachelor of Medicine, shall, on so presenting himself, pay a Fee of Fifty Guineas, inclusive of the Stamp Duty.

III. The Degrees in Medicine to be hereafter granted by the University of *St. Andrews* shall be divided into Three Classes, and be designated respectively Bachelor of Medicine (M.B.), Master in Surgery (C.M.), and Doctor of Medicine (M.D.).

IV. The preliminary Branches of extra-professional Education in the case of Candidates for the Degrees of Bachelor of Medicine and Master in Surgery, shall be English, Latin, Arithmetic, the Elements of Mathematics, and the Elements of Mechanics; and the Proficiency of Students in these Branches shall be ascertained by Examination prior to the commencement of their Medical Study.

V. No Candidate shall be admitted to a professional Examination for either of the last-mentioned Degrees, who has not passed a satisfactory Examination on at least Two of the following Subjects, in addition to the Subjects mentioned above:—Greek, French, German, Higher Mathematics, Natural Philosophy, Natural History, Logic, Moral Philosophy; and the Examination on these Subjects also shall take place before the Candidate has entered on his Medical Curriculum. (Further details regarding this Examination may be obtained on application to Dr. Bell, Professor of Medicine.)

VI. A Degree in Arts (not being an honorary Degree) of any of the Universities of *Scotland* or of *England* or *Ireland*, and also a Degree in Arts of any Colonial or Foreign University, which may for this purpose have been specially recognised by the University Court, shall exempt Candidates from all preliminary Examination.

* All applications for schedules, information, &c., to be addressed to the Registrar of the University.

VII. No one shall be admitted to the Degree of Bachelor of Medicine or Master in Surgery, who has not been engaged in Medical and Surgical Study for Four Years—the Medical Session of each Year, or *Annus Medicus*, being constituted by at least Two Courses of not less than One Hundred Lectures each, or by One such Course and Two Courses of not less than Fifty Lectures each; but, in the case of the Clinical Courses, it shall be sufficient that the Lectures be given at least Twice a Week during the prescribed Periods.

VIII. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall give sufficient Evidence by Certificates:—

(1) That he has studied each of the following Departments of Medical Science, viz.:—Anatomy, Chemistry, *Materia Medica* and Pharmacy, Institutes of Medicine, or Physiology, Practice of Medicine, Surgery, Midwifery, and the Diseases peculiar to Women and Children; Two Courses of Midwifery, of Three Months each, being reckoned equivalent to a Six Months' Course, provided different Departments of Obstetric Medicine be taught in each of the Courses, General Pathology, or, in Schools where there is no such Course, a Three Months' Course of Lectures on Morbid Anatomy, together with a supplemental Course of Practice of Medicine, or Clinical Medicine: During Courses including not less than One Hundred Lectures.—Practical Anatomy, Six Months.—Practical Chemistry, Three Months.—Practical Midwifery, Three Months at a Midwifery Hospital, or a Certificate of Attendance on Six Cases from a Registered Medical Practitioner.—Clinical Medicine, Clinical Surgery, during Courses of Six Months, or Two Courses of Three Months; Lectures being given at least Twice a Week.—Medical Jurisprudence, Botany, Zoology, with Comparative Anatomy, during Courses including not less than Fifty Lectures.

(2) That he has attended for at least Two Years the Medical and Surgical Practice of a General Hospital, which accommodates not fewer than Eighty Patients, and possesses a distinct Staff of Physicians and Surgeons.

(3) That he has been engaged for at least Three Months, by Apprenticeship, or otherwise, in compounding and dispensing Drugs at the Laboratory of an Hospital, Dispensary, Member of a Surgical College or Faculty, of a Licentiate of the London or Dublin Society of Apothecaries, or of a Member of the Pharmaceutical Society of Great Britain.

(4) That he has attended for at least Six Months, by Apprenticeship or otherwise, the Out-practice of an Hospital, or the Practice of a Dispensary, or of a Physician, Surgeon, or Member of the London or Dublin Society of Apothecaries.

IX. No one shall be received as a Candidate for the Degree of Bachelor of Medicine or Master in Surgery, unless Two Years at least of his Four Years of Medical and Surgical Study, as above defined, shall have been in One or more of the following Universities and Colleges, viz.:—The University of St. Andrews; the University of Glasgow; the University of Aberdeen; the University of Edinburgh; the University of Oxford; the University of Cambridge; Trinity College, Dublin; Queen's College, Belfast; Queen's College, Cork; and Queen's College, Galway.

X. Subject always to the Condition specified in the Ninth Section, the studies of Candidates for the Degrees of Bachelor of Medicine and Master in Surgery shall be under the following Regulations:—

(1) The remaining Years of Medical and Surgical Study, other than those for which Provision is made by the Ninth Section, may be either in One or more of the Universities and Colleges above specified, or in the Hospital Schools of London, or in the School of the College of Surgeons in Dublin, or under such private Teachers of Medicine, as may from Time to Time receive Recognition from the University Court:

(2) Attendance during at least Six Winter Months on the Medical or Surgical Practice of a General Hospital which accommodates at least Eighty Patients, and during the same Period on a course of Practical Anatomy, may be reckoned as One of such remaining Years; and to that extent shall be held equivalent to One Year's attendance on Courses of Lectures, as prescribed in the Seventh Section:

(3) Attendance on the Lectures of any private Teacher in Edinburgh, Glasgow, or Aberdeen, shall not be reckoned for Graduation in St. Andrews, if the Fee for such Lectures be of less Amount than is charged for the like Course of Lectures in the University of Edinburgh, of Glasgow, or of Aberdeen, according as the Teacher lectures in Edinburgh, Glasgow, or Aberdeen.

XI. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall, at such period of the Year in which he proposes to graduate, as may be fixed for the Purpose by the *Senatus Academicus*, lodge with the *Senatus*,—

(1) A Declaration, in his own Handwriting, that, on the Day of Graduation, he will have completed his Twenty-first Year, and will not be under Articles of Apprenticeship;

(2) A Statement of his Studies, as well in Literature and Philosophy as in Medicine, accompanied with proper certificates;

(3) An inaugural Dissertation, composed by himself, to be approved by the *Senatus Academicus*.

(Information regarding the Period of the Year in which the Examinations will be held, may be obtained by application to Dr. O. H. Bell.)

XII. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall be examined both in writing and *vivâ voce*,—First, on Chemistry, Botany, Elementary Anatomy, and *Materia Medica*; Secondly, on Advanced Anatomy, Zoology with Comparative Anatomy, Physiology, and Surgery; and Thirdly, on Practice of Medicine, Clinical Medicine, Clinical Surgery, Midwifery, General Pathology, and Medical Jurisprudence.

XIII. Students, who profess themselves ready to submit to an examination on the First Division of these Subjects at the End of the Second Year of their Course, may be admitted to Examination at that Time.

XIV. Students, who have passed their Examination on the First Division of these Subjects, may be admitted to Examination on the Second Division at the End of the Third Year of their Course.

XV. The Examination on the Third Division shall not take place until the Candidate has completed the Fourth Year of his Course.

XVI. Candidates may be admitted to examination on the first Two of these Divisions at the end of their Third Year; or to the Three Examinations at the end of their Fourth Year.

XVII. If any Candidate, on Examination, be found unqualified, he shall not be again admitted to Examination, unless he shall have completed another Year of Medical Study, or such Portion of another Year as may be prescribed by the Examiners when he is found unqualified.

XVIII. The Degree of Master in Surgery shall not be conferred on any Person who does not at the same Time obtain the Degree of Bachelor of Medicine.

XIX. The Degree of Doctor of Medicine may be conferred on any Candidate who has obtained the Degree of Bachelor of Medicine, and is of the Age of Twenty-four Years, and has been engaged, subsequently to his having obtained the Degree of Bachelor of Medicine, for at least Two Years in Attendance on an Hospital, or in the Military or Naval Medical Service, or in Medical and Surgical Practice; provided always that, subject to the Provisions of the First Section, the Degree of Doctor of Medicine shall not be conferred on any Person unless he be a Graduate in Arts, or unless he shall, before, or at the Time of his obtaining the Degree of Bachelor of Medicine, or within Three Years thereafter, have passed a satisfactory Examination in Greek, and in Logic or Moral Philosophy, and in One, at least, of the following Subjects, namely, French, German, Higher Mathematics, Natural Philosophy, and Natural History.

XX. Except under the Provisions of the First Section, the Degree of Doctor of Medicine shall not be conferred on any Person who has not previously obtained the Degree of Bachelor of Medicine.

XXI. There shall be paid by each Candidate for the Degree of Bachelor of Medicine, a Fee of Five Guineas in respect of each of the Three Divisions of the Examination on Professional Subjects specified in the Eleventh Section of this Ordinance; each such Fee of Five Guineas being payable at the Time at which the Candidate comes forward to be examined in that Division in respect of which it is payable; and, if the Candidate desires to be admitted to the Degree of Bachelor of Medicine only, he shall not, on Admission thereto, be required to pay any farther Fee in addition to the Fifteen Guineas so paid by him; but, if he desires to be admitted to the Degree of Master in Surgery also, he shall, on being admitted to such Degree, pay a further Fee of Five Guineas; and every Candidate for the Degree of Doctor of Medicine, who has previously obtained the Degree of Bachelor of Medicine, shall pay, in addition to the Fees paid by him as a Candidate for the Degree of Bachelor of Medicine, a Fee of Five Guineas, exclusive of any Stamp Duty which may for the time be exigible.

N.B.—Full details regarding the Class-Books recommended for the Preliminary Examination, &c., may be obtained from Dr. Bell, Professor of Medicine.

REGULATIONS AS REGARDS THE EXAMINATION OF REGISTERED MEDICAL PRACTITIONERS ABOVE THE AGE OF FORTY YEARS.

The Examinations are held in the UNIVERSITY LIBRARY, annually, in April. The Graduation Fee is Fifty Guineas. Candidates must lodge, with the Dean of the Medical Faculty, the following Certificates, along with application for admission to Examination:—

I. A Certificate of Age, being a Baptismal Certificate, or an affidavit of Age.

II. Holograph Certificates from at least three Medical Men, of acknowledged reputation in the Profession, or in the Medical Schools, recommending the Candidate to the Senatus for the degree of M.D., and testifying to his *Professional Position and Skill*.

As only Ten can graduate in each year, Candidates are selected whose Service and Certificates seem, to the Medical Faculty, to present the highest professional claims, but where these seem equal, preference is given to priority of application and to Age.

III. Candidates, when notified for examination, will remit a portion of the Graduation Fee, viz., 10*l.* 10*s.* This sum shall be forfeited should the Candidate fail to appear, or to graduate, at the time appointed.

IV. A satisfactory examination, written and *visà voce*, must be passed in the following departments:—

- (1) *Materia Medica* and General Therapeutics.
- (2) Medical Jurisprudence.
- (3) Practice of Medicine and Pathology.
- (4) Surgery.
- (5) Midwifery and Diseases of Women and Children.

The College consists of Fellows and Members, and grants Licences to practise Medicine and Midwifery.

I. OF THE LICENCE.

1. No one can obtain the Licence of the College until he has completed the age of twenty-one years.

2. Every Applicant for the Licence must produce evidence that he has been engaged in the study of Medicine during a period of at least four years subsequent to his Registration as a Medical Student, which period shall include attendance during not less than Four Winter Sessions, or Three Winter and Two Summer Sessions, at a recognised Medical School.

3. The Applicant must produce certificates that he has attended the following Courses at a University, or at some Medical School recognised by the College:—Anatomy, one course, six months; Practical Anatomy, six months; Chemistry, one course, six months; Practical Chemistry, three months; *Materia Medica* and Pharmacy, one course, three months; Physiology or Institutes of Medicine, one course, three months; Practice of Medicine, one course, six months; Clinical Medicine, six months; Principles and Practice of Surgery, one course, six months; Clinical Surgery, three months; Midwifery, one course, three months; Medical Jurisprudence, one course, three months; General Pathology or Pathological Anatomy, three months; Practical Pharmacy, three months. The Applicant must also produce evidence of having attended the practice of a Public Hospital (containing not fewer than 80 beds) during a period of not less than twenty-four months, twelve of which must have been spent in attendance on the Medical Wards. He must also have attended for six months the practice of a Public Dispensary; or have acted for six months as Clinical Clerk or Dresser in an Hospital; or have been engaged for six months as Visiting Assistant to a Registered Practitioner. The Applicant must also have attended at least six cases of Labour under the superintendence of a qualified Medical Practitioner, and must produce a Certificate to that effect. The Applicant will also be required to produce a certificate that he has studied Vaccination under a competent and recognised Teacher; and that he is thoroughly informed in every necessary part of the subject.

4. Every Applicant for the Licence must have passed the Preliminary Examination in Literature and Science, and have had his name inscribed in the Register of Medical Students, instituted by the General Medical Council, previous to the commencement of his Medical Studies. This Examination will embrace the following subjects:—1. ENGLISH: Grammar and Composition. 2. ARITHMETIC, including Vulgar and Decimal Fractions. ALGEBRA, including Simple Equations. 3. GEOMETRY: First Two Books of Euclid. 4. LATIN: Translation into English, *Cæsar de Bello Gallico*, Book IV., or *Æneid* of Virgil, Book VIII.—Parsing; Translation from English into Latin, the more difficult Latin words being supplied. 5. One of the following subjects, at the option of the Candidate:—(1.) GREEK.—Herodotus' History, Book I., and Homer's *Iliad*, Book II. (2.) FRENCH.—Molière's "*Le Malade Imaginaire*." (3.) GERMAN.—Schiller's *Wilhelm Tell*. (4.) NATURAL PHILOSOPHY, including Mechanics, Hydrostatics, and Pneumatics.

5. Masters and Bachelors of Arts of any British or Foreign University, whose Course of Study may from time to time be approved of by the College, will be exempted from the Preliminary Examination; also those who have passed the Examination of the National Educational Bodies, or of any of the Licensing Boards recognised by the Medical Act.

6. The Professional Examination will be divided into two parts, according to the following arrangement of subjects:—(1.) Anatomy, Physiology, Chemistry. (2.) *Materia Medica* and Pharmacy, Pathology and Pathological Anatomy, Practice of Medicine, Midwifery, Medical Jurisprudence, Clinical Medicine. No Candidate will be admitted to the First Examination until the end of his Second Winter Session; or to the Second until he has completed four years of professional study. The Examinations will be conducted partly *visà voce*, partly by written papers.

7. The following will be the periods of Examination up to October, 1876:—(1.) Preliminary Examinations in Literature and Science—Tuesday and Wednesday, April 18 and 19; Saturday and Monday, July 22 and 24. (2.) First Professional Examinations—Wednesdays, January 19, April 19, July 26, and October 11. (3.) The Second Professional Examinations will be held on the Thursdays and Fridays following the First Professional, and will occupy both days.

8. Candidates for the Licence of the College who have passed the first Professional Examination before a Qualifying Body (provided it be as extensive as that required by this College), will be at once admitted to the second part of the Examination.

9. Meetings for the Examination of Candidates who already possess a qualification from a

recognised Licensing Body will be held on the first Wednesday of every month (with the exception of September and October), and, if necessary, on the following days. Candidates are required to communicate with the Secretary to the College not less than eight days before the date of the Examination at which they propose to appear.

10. No Candidate is admissible to Examination who has been rejected by any Licensing Board within three months previous to his Examination.

11. The Fee payable by a Licentiate is Ten Guineas. In the event of a Candidate being unsuccessful at his Examination, the sum of Two Guineas will be retained to defray expenses.

12. Candidates may be admitted to Special Examination, on days other than those appointed above, on bringing forward reasons satisfactory to the Council, and on paying an Extra Fee of Five Guineas. Should the Candidate be unsuccessful, the sum of Eight Guineas will be returned to him.

II. OF THE MEMBERSHIP.

1. Any Licentiate of a College of Physicians, or Graduate of a British or Irish University, with whose knowledge of Medical and General Science the College may be satisfied, may be admitted a Member of the College, provided he shall have attained the age of twenty-four years.

2. Every motion for the election of a Member shall be made at a quarterly meeting of Fellows by one of the Fellows present, and seconded by another; and this motion shall be determined by ballot at the next quarterly meeting—a majority of three-fourths being necessary to carry it in the affirmative.

3. Every Member on the Roll of Attendance, whose address has been communicated to the Clerk, shall be summoned to attend all meetings of the Fellows and Members.

III. OF THE FELLOWSHIP.

1. No one shall be elected a Fellow of the College until he has been at least one year a Member thereof, and has attained the age of twenty-five years.

2. Every motion for the election of a Fellow shall be made at a quarterly meeting of Fellows by one of the Fellows present, and seconded by another; and this motion shall be determined by ballot at the next quarterly meeting of Fellows—a majority of three-fourths being necessary to carry it in the affirmative.

3. If an urgent reason satisfactory to the Council be assigned, a Candidate may be proposed at an extraordinary meeting of the Fellows summoned for the purpose, and his petition may be balloted for at an extraordinary meeting of the Fellows specially summoned for the purpose; provided that the holding of this special meeting be agreed to by a majority of five-sixths of the Fellows present at the meeting at which the Candidate was proposed; provided also that not less than one week intervene between the two meetings, and that due notice of the intended ballot be given in the billets summoning the second meeting. The Candidate shall in this case pay to the Treasurer a sum of Ten Guineas in addition to the ordinary Fees.

4. Every Fellow resident within five miles from the General Post-Office of Edinburgh shall, on his election, have his name placed on the Roll of Attendance, and shall pay the Annual Contribution, and be subject to all the Laws of the College regarding Fines. Fellows resident beyond five miles shall have the option of having their names on the Roll of Attendance or not; but if their names be on the Roll of Attendance, they shall pay the Annual Contribution, and be subject to Fines.

5. Any Fellow may petition that his name be taken off the Roll of Attendance, which petition shall be determined by ballot at next quarterly meeting.

6. Any Fellow whose name is not on the Roll of Attendance may have it inserted by giving notice to the Secretary, who shall report to the next quarterly meeting; after which the Fellow shall be entitled to all the privileges of the Fellowship, and may take his seat at the first meeting of the College.

7. Any Fellow leaving Edinburgh for a length of time, and omitting to petition to have his name taken off the Roll of Attendance, or wishing the same to be continued on it during his absence, shall be charged with his Annual Contribution and Fines.

8. Fellows whose names are not on the Roll of Attendance shall not have the use of the Library and Reading-room, except in the cases specified in Laws 9 and 10.

9. Fellows whose names are not on the Roll of Attendance, on coming to reside in Edinburgh, or within five miles thereof, for a period not exceeding six months, may, with consent of the Council, be allowed the use of the Library and Reading-room.

10. Fellows not on the Roll of Attendance, who reside permanently in Edinburgh, or within five miles thereof, but are not engaged in practice, may, with the consent of the Council, be allowed the use of the Library and Reading-room on payment of the Annual Contribution.

IV. OF THE FEES.

1. The Fee to be paid by a Member shall be Thirty Guineas.

2. When a Licentiate shall be raised to the rank of Member, he shall pay Twenty Guineas.

3. When a Member shall be raised to the rank of Fellow, he shall pay Thirty Guineas, exclusive of Stamp-duty.*

4. All Candidates for Fellowship or Membership must lodge their Fees, and the amount of Stamp-duty payable at the time to Government, with the Treasurer, previously to presenting their petitions.

* The Stamp-duty on the Fellowship payable to Government is £25.

OF THE CERTIFICATE OF QUALIFICATION IN PUBLIC HEALTH.

General Regulations.—1. Candidates shall be already on the Medical Register and be entered there as possessing a Qualification in Medicine. 2. Candidates shall not, in the meantime, be required to attend any Special Courses of Instruction; but their attention is directed particularly to Courses of Lectures on State Medicine, and to the Practice of Analytical Chemistry. 3. Candidates shall be subjected to two Examinations. Such Examinations may be taken simultaneously or with an interval not exceeding twelve months. 4. The Examinations shall be written, oral, and practical. 5. The Examinations shall be held in the Physicians' Hall, or elsewhere if found more convenient. 6. Rejected Candidates shall not be admitted for re-examination till after the expiry of six months.

Examinations.—1. The First Examination shall embrace—1. *Physics.*—Especially Pneumatics, Hydrostatics, Hydraulics, and Engineering in relation to Sanitary Operations, including a knowledge of Architectural and other Plans, Sections, etc. 2. *Chemistry.*—Especially Analysis of Air, Water, Food, including the Biology of Putrefaction and allied processes. 3. *Meteorology.*—Including Climate, Topographical and Seasonal Influences in relation to Health and Disease.

2. The Second Examination shall embrace—1. *Epidemiology and Endemiology.*—Including the corresponding departments in the Diseases of Animals and Plants,—Contagious Diseases,—Diseases of Periods of Life, Professions, Trades, Seasons, and Climates. 2. *Practical Hygiene.*—Duties of a Health Officer; Food; Water Supply; Sewerage and Drainage; Construction of Hospitals, Public Buildings, Dwellings; Manufactories; Cemeteries; Nuisances. 3. *Sanitary Law and Vital Statistics.*

3. Meetings for both Examinations shall be held annually in April and October. The first Examination shall be held on the second Tuesday of the month, and shall occupy two days; the second Examination on the immediately succeeding Thursday of the same week, and shall occupy two days. 4. Candidates may enter for both Examinations in the same week, or for one only. 5. The Examinations must be passed in their order, first and second. 6. Candidates must appear for the second Examination not later than twelve months after having passed the first. 7. A Candidate remitted at his second Examination will be allowed to come up again after a further period of six months; but if he then fail to pass, he will be required again to undergo the first as well as the second Examination before obtaining the Certificate.

Fees.—1. No one shall be recognised as a Candidate till he has paid the Fee for the first Examination. 2. The Fees for Examinations must be paid at least a week before the day of Examination. 3. The whole charges by the College for the Certificate amount to Ten Guineas. 4. The Fee for the First Examination is Three Guineas; the Fee for the Second Examination is Three Guineas; the Fee payable before receiving the Certificate is Four Guineas. 5. Candidates forfeit the Fee for the Examination which they have been unsuccessful in passing. 6. If a Candidate who has offered himself for both Examinations fail to pass the first, he shall not be allowed to present himself for the second, and his Fee for the second shall be returned to him.

EXAMINATIONS FOR THE DOUBLE QUALIFICATION OF LICENTIATE IN MEDICINE AND LICENTIATE IN SURGERY.

The Royal College of Physicians of Edinburgh, and the Royal College of Surgeons of Edinburgh, while they still continue to give their Diplomas separately, under separate Regulations, have made arrangements by which, after one series of examinations, the student may obtain the Diplomas of both Colleges. The general principle of this Joint Examination is, that it shall be conducted by a Board, in which each body is represented, for examination in those branches which are common to both Medicine and Surgery; but that the College of Physicians shall take exclusive charge of the examination in Medicine, and the College of Surgeons of the examination in Surgery. The object of the joint-examination is to give to students facilities for obtaining from two separate bodies, and at less expense, a qualification in Medicine and a qualification in Surgery. Students passing that examination successfully will be enabled to register two qualifications under the Medical Act,—Licentiate of the Royal College of Physicians of Edinburgh, and Licentiate of the Royal College of Surgeons of Edinburgh. The arrangement for thus conferring a double qualification by the co-operation of the two Colleges is in conformity with Section XIX. of the Medical Act, and received the special sanction of the General Council of Medical Education and Registration, at a Meeting held on the 7th August, 1859. A code of regulations to be observed by candidates for the double qualification, both as regards General and Professional Education and Examination, may be had on application at the Hall of the Royal College of Physicians, or at the Hall of the College of Surgeons, Edinburgh.

REGULATIONS.

Schools of Medicine.—1. Every Candidate for a Surgical Diploma must have followed his course of study (Professional Education, 2) in a University; or in an Established School of Medicine, as defined below; or in a Provincial School specially recognised by the College of Surgeons of that division of the United Kingdom in which it is situate.

2. Under the title Established School of Medicine are comprehended the Medical Schools of those cities of Great Britain and Ireland in which Diplomas in Surgery are granted, and such colonial and foreign schools as are similarly circumstanced in the countries in which they exist.

Qualifications of Teachers.—1. The following classes of persons shall be entitled to give Lectures which may be attended as part of the course of study:—1st, In the Universities of Great Britain and Ireland—the Professors of those Institutions. 2nd, In Scotland, Fellows of the Royal College of Physicians of Edinburgh, Fellows of the Royal College of Surgeons of Edinburgh, and Fellows of the Faculty of Physicians and Surgeons of Glasgow, whose Lectures have been sanctioned in each case by the College or Faculty to which the Lecturer belongs.* 3rd, In England, Fellows and Licentiates of the Royal College of Physicians of London, and Fellows and Members of the Royal College of Surgeons of England whose status as Teachers has been admitted by those Colleges respectively. 4th, In Ireland, Fellows and Licentiates of King's and Queen's College of Physicians in Ireland, and Fellows of the Royal College of Surgeons in Ireland, whose status as Teachers has been admitted by those Colleges respectively.†

2. The College will not recognise any course of lectures delivered subsequently to 1st May, 1839, by a Professor or Teacher who lectures upon more than one of the branches of instruction included in the Curriculum; nor any course delivered by a Professor or Teacher who, in addition to the said course, lectures upon a branch of instruction, medical or general, not included in the Curriculum, unless such Professor or Teacher shall have obtained special leave from the College to do so.

3. Notwithstanding the above regulation, the teaching of two branches may be undertaken by one individual in the following instances, without disqualification being incurred—viz., Anatomy and Practical Anatomy; Chemistry and Practical Chemistry; and further, Clinical Medicine or Clinical Surgery may be taught simultaneously with any one of the other courses of education prescribed in the Curriculum, by a Physician or Surgeon qualified according to the regulations of the Colleges, and attached to a public hospital of the size prescribed by the regulations.

PROFESSIONAL EDUCATION.

1. Candidates commencing professional study after September 16, 1866, must have been engaged, during four years after passing the Examination in General Education, in professional study, which period shall include not less than four Winter Sessions*, or three Winter and two Summer Sessions' attendance at a recognised Medical School.‡

2. The Candidate must produce certificates of having attended the following separate and distinct Courses of Lectures at such Schools and under such teachers as are defined in *Schools of Medicine and Qualifications of Teachers*, the Certificates distinguishing the Schools, and the Sessions in which they were severally attended:—

		<i>Duration—at least</i>
{ Anatomy	2 Courses §	Six months each.
{ Practical Anatomy		Twelve months.
or, in the option of the Candidate—		
{ Anatomy	1 Course	Six months.
{ Practical Anatomy		Eighteen months.
Chemistry	1 Course	Six months.
Practical or Analytical Chemistry	1 Do.	Three months.
Materna Medica	1 Do.	Three months.

* The College enacted, in 1846, Statutes regarding the manner of sanctioning lecturers and teachers in the Edinburgh School, which is by special examination on their several departments.

† The only lecturers excepted from this law are those on chemistry, who may be persons non-medical, if recognised by the College after examination by a joint board with the College of Physicians, in conformity with Statutes enacted in May, 1847, and printed separately.

‡ Candidates commencing professional study before the 16th September, 1866, will be admitted to their final Examination after four Winter Sessions* or three Winter and two Summer Sessions' attendance at a recognised Medical School. (See Professional Education, 2.)

§ The two courses must not be attended in the same Session.

		<i>Duration—at least</i>
Physiology	Not less than 50 Lectures.*	
Practice of Medicine	1 Course	Six months.
Clinical Medicine	1 Do.	Six months.†
Principles and Practice of Surgery	1 Do.	Six months.
Clinical Surgery	1 Do.	Six months.†
A third Course of Surgery, which may be either Principles and Practice of Surgery or Clinical Surgery, at the option of the Candidate }	1 Do.	Six months.†
Midwifery and the Diseases of Women and Children	1 Do.	Three months.
Medical Jurisprudence	1 Do.	Three months.

The six-months' Courses delivered in Scotland must consist of not fewer than one hundred Lectures, with the exception of Clinical Medicine and Clinical Surgery. The three-months' Courses must consist of not fewer than fifty Lectures.

3. Besides the above-mentioned courses of lectures, the Candidate must produce the following certificates:—(a) Of having attended six cases of Labour under the superintendence of the Practitioner who signs the certificate, who must be a Registered Medical Practitioner. (b) Of having attended, for three months, instructions in Practical Pharmacy; the certificate to be signed by the teacher, who must be a Member of the Pharmaceutical Society of Great Britain, or a Chemist and Druggist recognised by either College on special application, or the Superintendent of the Laboratory of a Public Hospital or Dispensary, or a Registered Medical Practitioner who dispenses medicines to his patients. (c) Of having attended, for twenty-four months, a Public General Hospital, containing at an average at least eighty patients. (d) Of having attended, for six months the Practice of a Public Dispensary specially recognised by the College, or of having been engaged for six months as visiting Assistant to a Registered Practitioner. (e) Of having been instructed in Vaccination; the certificate to be signed by the teacher, who must be a Registered Practitioner. (f) Of having attended, for three months, the post-mortem room of a recognised Hospital. The rule applies to all who commenced professional study after 1st October, 1861.

4. The following order of study is recommended as a guide to the Student, though not enjoined:

First Year . Anatomy,—Practical Anatomy,—Chemistry,—Practical or Analytical Chemistry,—Hospital.
Second Year . Anatomy,—Practical Anatomy,—Physiology,—Surgery,—Materia Medica, *the last either in this or the Third Year*,—Hospital.
Third Year . Practice of Physic,—Clinical Surgery,—Practical Anatomy,—Practical Pharmacy,—Pathological Anatomy,—Hospital.
Fourth Year . Surgery, or Clinical Surgery,—Midwifery and the Diseases of Women and Children,—Clinical Medicine,—Medical Jurisprudence,—Practical Midwifery,—Hospital.

5. It is strongly recommended to Students to avail themselves of any opportunities which they may possess of attending, in addition to the courses of instruction which are absolutely prescribed. Lectures on Ophthalmic and Mental Diseases; also on Botany, Zoology, and Comparative Anatomy, and of obtaining practical instruction in the use of the Microscope.

Preliminary Examination in General Education and Registration.—1. All Students who intend becoming Candidates for the Diploma of the College must have passed the complete Examination in General Education, and have had their names inscribed in the Register of Medical Students instituted by the General Medical Council, at the commencement of their Professional Studies.

2. The subjects of the Preliminary Examination in General Education shall be as follows, viz.:—1. English language, including Grammar and Composition. 2. Arithmetic, including Vulgar and Decimal Fractions; 3. Algebra, including simple Equations. 4. Geometry, first two books of Euclid. 5. Latin. 6. One of the following subjects, at the option of the Candidate:—(1) Greek. (2) French. (3) German. (4) Natural Philosophy, including Mechanics, Hydrostatics, and Pneumatics. N.B. In Latin, Greek, French, and German, parsing of words from the passages given to be translated will be required; also, translation of short sentences from English into the respective languages.—Prospectuses containing more specific information as to the subjects of Examination in General Education may be had on application to the Officer of the College.

3. Preliminary Examinations shall be conducted at stated periods, § by a Board of Examiners in Arts chosen from time to time by the College, in conjunction with the Royal College of Physicians.

4. Students who intend to undergo the Preliminary Examination, shall give in their names, addresses, and places of birth to the officer, not later than three days before the day of examination, and shall pay a fee of ten shillings, not to be returned in case of rejection.

* In those Schools of England and Ireland in which two separate courses of lectures are delivered at separate hours, one on Anatomy, the other on Anatomy and Physiology, the former of these courses will be received as a course of Anatomy, and the other as a course of Physiology.

† Two courses of Clinical Medicine of three months each, if not simultaneous, will be held equivalent to one course of six months. They must be attended during the period of attendance at the hospital where they are delivered. The same rules apply to Clinical Surgery.

‡ By a regulation of the Privy Council, of date 1st December, 1859, no one can be appointed as a Contractor for Vaccination under the English Poor-law, who does not produce a certificate of proficiency in Vaccination from a person authorized by the Privy Council to grant the same.

§ For days of Examination see Appendix, page 915.

5. Candidates, the commencement of whose Professional Studies was prior to 16th September, 1866, may pass the Preliminary Examination in General Education at any of the periods previous to the First Professional Examination; but are recommended to do so at the earliest possible period. Candidates under this regulation who have not passed a Preliminary Examination in General Education, will be required to undergo that Examination before admission to the first Professional Examination, and shall pay a fee of 1*l*.

6. Certificates of having passed the Examinations in General Education, conducted by certain Educational Bodies, shall exempt from the preliminary examination in General Education instituted by the Colleges.

PROFESSIONAL EXAMINATIONS FOR THE DIPLOMA OF THE COLLEGE.

1. Candidates for the Diploma of the College shall be subjected to two Professional Examinations, to be conducted at separate sittings, partly in writing and partly orally.

2. Opportunities for both Examinations will be presented five times in each year.* On each of these occasions the Candidates shall assemble to write answers to the questions proposed, and the oral examinations shall be conducted on the days immediately succeeding.

3. Unsuccessful Candidates either at the first or second Examination will be remitted to their studies for a period to be determined by the judgment of the Examiners, but not in any case less than three months.

4. *First Examination.*—The first Examination shall embrace Anatomy, Physiology, and Chemistry; and shall take place not sooner than the end of the second Winter Session.

5. Candidates who desire to pass the first Professional Examination must apply to the Secretary at 43, Charlotte Square, Edinburgh, on or before the Saturday preceding the day of examination,† and must produce certificates of attendance in regard to all those Courses of Instruction which have reference to the subjects of that examination. They must also produce evidence of having passed the Preliminary Examination.

6. The sum of 4*l*. must be paid to the Treasurer of the College at 45, Northumberland Street, Edinburgh, for this Examination, not later than Ten A.M. of the day preceding it. This sum will be considered as paid to account of the entire fee of 10*l*. payable for the Diploma.‡

7. In the case of a Candidate being unsuccessful at this Examination, 2*l*. will be returned to him, the remaining 2*l*. being retained to meet the expense of conducting the Examination.

8. *Second Examination.*—The second Examination shall embrace Surgery and Surgical Anatomy; also Medicine, Midwifery, Materia Medica, and Medical Jurisprudence; and shall not take place before the termination of the Winter Session of the last year of Study. In the case of Candidates who began their course of Study after 16th September, 1866, it will not take place till four years after the Examination in General Education [See *Professional Education*, 1.]

9. Applications for Examination must be made to the Secretary not later than the Tuesday previous to the day of the Examination.

10. Every Candidate must produce to the Secretary, 43, Charlotte Square, Edinburgh—1st, Satisfactory evidence of his having attained the age of twenty-one years, and of having been duly registered [See *Preliminary Examination*]; 2nd, Certificates of having attended the classes enumerated in *Professional Education*, 2, together with the other certificates enumerated in *Professional Education*, 3; 3rd, The Certificate of his having passed the first Professional Examination; and 4th, A tabular statement (for which a printed form will be furnished by the Officer) exhibiting the whole of his professional education, and distinguishing the Classes, Hospitals, Dispensaries, and Schools attended during each session of his studies. If he have been an Apprentice he must also insert the name of his master, the date of his indenture, and the length of time for which he was bound. This statement, accurately filled up, must be attested by his signature, and will be preserved by the College as a record.

11. If the Candidate have been an Apprentice to a Fellow of the College he must also produce his discharged indenture.

12. On the production of these documents, the Secretary will give the Candidate a letter authorizing the Examiners to receive him as a Candidate.

13. The remaining fee payable to the College (being 6*l*.), together with the receipt for the fee paid for the first Professional Examination, must be lodged not later than ten A.M. of the day preceding the Examination-day, in the hands of the Treasurer, at 45, Northumberland Street, Edinburgh, who will certify this upon the Secretary's letter. The sum of 4*l*. will be returned to unsuccessful Candidates.

14. Candidates who have passed the first Examination in Anatomy, Physiology, and Chemistry, at any of the Licensing Boards recognised by the Medical Act, will be admissible to the second Professional Examination on producing certificates of the whole Course of Study, of having passed their Preliminary and first Professional Examinations, and of having been registered as a Medical Student. If any of the three subjects of the first Professional Examination have been omitted, such Candidates will have to undergo the first examination on the omitted

* For days of Examination see Appendix, page 915.

† Candidates at a distance are requested to send their certificates much earlier, so as to give sufficient time for the exchange of one or two explanatory letters; as much disappointment has been occasioned by the discovery of defects in their Course of Study when it was too late to rectify them by the production of documents.

‡ The fee payable for the Diploma by Apprentices of those who were Fellows of the College prior to the Charter of 1861 is 5*l*.

§ In none of these three subjects will the success of a Candidate in the Preliminary Examinations in General Education be held sufficient.

subjects; and none of the subjects of the second Examination (§ 8) will be omitted even if some of them should have formed part of the first examination by another Board. The Fee will be 10*l*. Unsuccessful Candidates, under this regulation, will receive back 8*l*.

15. Candidates desirous of Special Examinations on other days than those fixed by the Regulations, must prepare a case to be submitted to the consideration of the authorities of the College, with evidence to show why it was and is impossible for them to avail themselves of the ordinary examinations, past or futuro. They must at the same time produce *Certificates of the whole of the prescribed Course of Study, and of having passed the Preliminary Examination, and must state the earliest and the latest days within which they can present themselves.* It is very desirable that all such Candidates, and especially those who are at a distance from Edinburgh, should present their applications as long beforehand as possible. The Fees for special examinations, which must be lodged by 10 A.M. of the day preceding the Examination-day, are as follows, viz.:—20*l*. for first and second examinations; of which 12*l*. will be returned to Candidates remitted on the first examination; but no part of the money will be repaid to Candidates who, having passed the first, are unsuccessful in the second examination;—17*l*. for second examination. Of this no part will be returned to the Candidate if unsuccessful. N.B. Each of the two Professional Examinations requires one day for the written part of the examination. The clinical and oral will follow on a subsequent day.

16. In order to test more effectually the practical knowledge of Candidates, recent dissections, anatomical specimens, and articles of the *Materia Medica*, will be employed during the examinations; and all Candidates will be required to write out formulæ of prescription. They will also be subjected to a practical clinical examination in the Surgical Hospital, including the application of surgical apparatus, bandages, &c.

17. No Candidate shall be admissible to examination who has been rejected by any other Licensing Board within the three months preceding his application to be examined.

18. The sums stated in the various sections of this and the preceding Chapter include all Fees of every kind, and the Officer is prohibited from receiving any.

REGULATIONS TO BE OBSERVED BY LECTURERS IN EDINBURGH.

1. Every Lecturer at this School of Medicine shall ascertain, at least twenty-five times in a six-months' course, and twelve times in a three-months' course, the actual attendance given by his pupils.

2. He shall do this by calling the name of each pupil at least once a week, and entering in a regular roll-book the presence or absence of each individual; the Students, of course, being kept in ignorance of the particular days on which this is to be done, excepting on the occasion of the first roll-call, which shall not be later than the fifteenth day of the Session.

3. The said roll-book shall be kept according to a form prescribed by the College; shall also be carefully preserved; and shall be at all times accessible to the Secretary and to the Treasurer of the College, on whom it shall be incumbent to examine the roll-book of each Class at least once during every Session, before the termination of the Winter and Summer Sessions respectively.

4. On granting Certificates of attendance on their Classes, the Lecturers shall use the annexed form, filling up the blanks with words at length, and on no account employing figures:—

“Edinburgh,
I hereby certify that Mr. _____ attended my Course of Lectures
commencing on _____ and terminating
; that the roll of the class was called _____ times during the
Session; and that Mr. _____ was present on _____ of these occasions.
 “(Signed) _____”

5. When a Student's Certificate of attendance bears that he has been more than five times absent in a six-months' course, or more than thrice in a three-months' course, when the roll of his class was called, the Inspector shall intimate this at the foot of that Student's letter to the Examiners, specifying the branch or branches on which the attendance was defective, in order that he may be particularly examined upon them. But if, on the other hand, a Student's Certificate of attendance bears that he has been more than eight times absent in a six-months' course, or more than four times in a three-months' course, he shall not be admitted to examination until he has attended another Course of Lectures on every such department of Study.

6. When a Student's absence has been occasioned by sickness, or any other unavoidable cause, such cause shall be stated in the Certificate of attendance granted by the Lecturer; and the President and Council of the College shall decide whether the Student shall or shall not be required to attend another course of such Lectures before presenting himself for examination.

7. The above Regulations shall be imperative on every Lecturer at this School of Medicine whose Lectures are recognised by the College; and it is hereby notified that, in the event of its being ascertained that any Lecturer evades the faithful enforcement thereof, the College will not hesitate to withdraw its recognition of his Course of Lectures.

ABSTRACT OF THE LAWS IN REFERENCE TO THE FELLOWSHIP.

1. No person shall be received as a Candidate for the Fellowship who is not in possession of the Diploma of the Royal College of Surgeons of Edinburgh, or of the Royal College of Surgeons of England, or of the Royal College of Surgeons of Ireland, or of the Faculty of Physicians and Surgeons of Glasgow.

2. No person shall be admitted as a Fellow who is under twenty-five years of age.
3. Every Candidate for the Fellowship (with the exception of those entitled to enter under the old constitution of the College, and having right to its Widows' Fund,*) shall lodge with the President a petition for admission, and shall be recommended by two Fellows as proposer and seconder, of whom one at least shall be resident in Edinburgh.
4. Candidates for the Fellowship (not embraced under the exception to Law 3) shall pay 25*l*. to the College Funds, including all Fees. The money shall be payable to the Treasurer immediately after the presentation of the petition to the College.
5. The billets calling the meeting at which the petition is to be presented shall intimate the name and surgical qualification of the Candidate, his professional appointments, if any, and the names of his proposer and seconder.
6. The petition shall be considered at a subsequent meeting, to be held not earlier than a month after the first; and, in the meantime, the petition, with the names of the proposer and seconder, shall be hung up in the library; and the billets calling the second meeting shall contain an intimation in the same form as those of the first.
7. At the meeting for considering the petition of the Candidate, the votes shall be given by ballot. Three-fourths of the votes are required to entitle the Candidate to be admitted; and the number of those voting shall not be less than twenty.
8. The Candidate shall be informed of the result of the ballot; but before taking his seat as a Fellow, he shall make a declaration to the following effect, and shall subscribe the same in the Sederunt-book:—"I hereby promise faithfully to maintain and defend all the rights, liberties, and privileges of the Royal College of Surgeons of Edinburgh, and to promote the interests thereof to the utmost of my power. I also promise faithfully to obey all the laws of the said Royal College, made and to be made."
9. Candidates who do not find it convenient to repair to Edinburgh may be permitted, by a vote of the College, to be enrolled as Fellows in absence, if they transmit letters of obligation to conform to No. 8, before taking their seats.
10. Every Fellow, on his admission, shall receive a Diploma with the seal of the College appended.
11. Every Fellow is entitled to attend the meetings of the College, and to take part in the proceedings and in the election of Office-bearers.
12. No Fellow of the College shall keep an open shop for the sale of drugs or other merchandise.
13. No Fellow of the College shall allow his name to be connected with advertisements or publications of an indelicate or immoral nature.
14. No Fellow of the College shall practise, or profess to practise, by the use of or according to any secret remedy or method of treatment; or shall allow his name to be connected with advertisements for the sale of any secret remedy, or for practice by the use of any secret remedy or method of treatment; or shall connect himself in partnership or otherwise, or continue in connexion, with any person practising by means of, or advertising, the sale of any secret remedy.
15. No Fellow shall be guilty of any deception or other immorality in the practice of his profession, or shall in any other way conduct himself inconsistently with the honour and decorum which become his position as a Fellow of the College.

By authority of the Royal College,

Surgeons' Hall, Edinburgh, August, 1876.

Proficiency in Vaccination certified by a Public Vaccinator† or Registered Practitioner.

3. Students are strongly recommended to avail themselves of any opportunities they may possess of studying Ophthalmic and Mental Diseases, Natural History, Comparative Anatomy, and Practical Physiology, in addition to what is required in the Curriculum.

4. Candidates shall be subjected to Two Professional Examinations. The First Examination embraces Anatomy, Physiology, and Chemistry.‡ Before being admitted to this Examination the Student must have completed his Second Winter Session of Study, and must produce evidence of having passed a recognised Preliminary Examination, of having been registered as a Medical Student in the form prescribed by the General Medical Council at the commencement of Professional Study, and of having given the required attendance on the first five branches of the Curriculum.

5. The Second Examination embraces Surgery and Surgical Anatomy, Medicine, Materia Medica, Midwifery, and Medical Jurisprudence, and cannot be undergone before the termination of the full period of Study. A candidate about to appear for this Examination will receive on application to the Secretary of the Faculty, a schedule which he will fill up, so as to show his whole course of Study. This schedule, attested by the Signature of the Candidate, will be

* One Course of Lectures on Anatomy will be sufficient if the Candidate has attended Eighteen Months' Practical Anatomy.

† No one can now be appointed a Vaccinator under the English Poor Law, who does not produce a Certificate of Proficiency in Vaccination from a person authorised by the Privy Council to grant the same. Two Instructors in Vaccination have been appointed in Glasgow by the Privy Council.

‡ The Candidate will be expected to have a knowledge of the principles of Chemical Science, of Inorganic Chemistry, and of so much of Organic Chemistry as relates to Medicine.

preserved by the Faculty as a record, and everything entered in it must be verified by Certificates, which must be delivered to the Secretary for inspection, at least three days prior to the day of Examination. Candidates must at the same time produce evidence of having attained Twenty-one years of Age, and of having passed the First Professional Examination.

6. The First Examination will be held on the Second Tuesday of each month, except August, beginning at Ten A.M. Applications for admission must be made to the Secretary, not later than Twelve o'clock, noon, of the day preceding the day of Examination.

7. The Second Examination will be held, the written part on the second Tuesday of each month, except August, beginning at ten o'clock A.M., and the clinical and oral parts on the succeeding day. The hour of the Clinical Examination will generally be nine o'clock A.M. Applications for admission to the Second Examination must be made to the Secretary, not later than the Saturday preceding the Examination.

8. The Fee for the Diploma is 10*l.*, 4*s.* of which is payable to the Secretary on entering for the First Examination, and 6*s.* on entering for the Second.

9. The Examinations are conducted partly in writing and partly orally. Recent Dissections, Anatomical Specimens, Chemical Tests, Articles of the *Materia Medica*, the Microscope, Surgical Apparatus and Pathological Specimens are employed at the discretion of the Examiners. Candidates are also subjected at the Second Examination to a practical Clinical Examination at the Hospital.

10. Candidates for the Diploma of the Faculty, who have passed the Examination in Anatomy, Physiology, and Chemistry,* before any of the Licensing bodies enumerated in Schedule (A) of the Medical Act, on complying with the regulations in other respects, are admissible to the Second Professional Examination. In such cases the full Fee is exigible.

11. Unsuccessful Candidates are remitted to their studies for a period determined by the judgment of the Examiners; but not in any case for less than three months. In every such case 2*s.* of the Fee is retained, and the remainder is returned.

12. A Candidate, on showing a sufficient reason, may be admitted to Examination on a day specially arranged, on paying an extra Fee of 3*l.*, which will be forfeited, in addition to the 2*l.* ordinarily retained in the event of the Candidate being remitted to his studies.

DOUBLE QUALIFICATION IN MEDICINE AND SURGERY, CONFERRED CONJOINTLY BY THE FACULTY OF PHYSICIANS AND SURGEONS OF GLASGOW, AND THE ROYAL COLLEGE OF PHYSICIANS OF EDINBURGH.

The Faculty of Physicians and Surgeons of Glasgow, and the Royal College of Physicians of Edinburgh, while they continue to give their Diplomas separately, under separate regulations, have made arrangements by which, after one series of Examinations, the Student may obtain two separate Licences: one in Medicine and one in Surgery. The general principle of this Joint Examination is, that it is conducted by a Board in which each Body is represented; the object being to give to Students facilities for obtaining from two separate Bodies, and at less expense, a Double Qualification in Medicine and in Surgery. Students passing these Examinations successfully will be enabled to register two Qualifications under the Medical Act, viz.:—Licentiate of the Faculty of Physicians and Surgeons of Glasgow, and Licentiate of the Royal College of Physicians of Edinburgh. The First Examination for the Double Qualification will be held in the Faculty Hall, Glasgow, on Jan. 12, April 1, May 4, July 28, and Oct. 5. The Second Examination will be held, the written part on each of the above days, and the oral and clinical parts on the succeeding day. Applications to be admitted either to the First or the Second Examination must be made to the Secretary of the Faculty, not later than the Monday preceding the Examination. The Fee for the Diploma is 16*l.*, and is apportioned thus:—6*l.* is payable to the Secretary of the Faculty on entering for the First Examination, and 10*l.* on entering for the Second Examination. The curriculum of study embraces a course of Medicine additional to that required for the Licence of the Faculty. The other Regulations are the same as those for the Diploma of the Faculty.

PRELIMINARY EXAMINATIONS.

1. Preliminary Examinations in General Literature in accordance with the Regulations of the General Medical Council, will be held in the Faculty Hall on April 24, July 24, Oct. 9, and Oct. 30, at eleven A.M.; and on each occasion the Examination will be continued on the succeeding day. The Examination will embrace the following subjects:—1. English Language, including Dictation, Grammar, and Composition. 2. Latin; Translation from one of the two following Books at the option of the Candidate, viz.: The Third and Fourth Books of *Cæsar's Commentaries*, or *De Bello Gallico*; An exercise in rendering English correctly into Latin, the Latin words being partly supplied. 3. Arithmetic—to Vulgar and Decimal Fractions inclusive: Algebra—including Simple Equations. 4. Geometry—First two Books of *Euclid*. 5. One of the following subjects at the option of the Candidate: (1.) Natural Philosophy—Mechanics, Hydrostatics, and Pneumatics. (2.) Greek—Xenophon's *Anabasis*, Book II. (3.) French—Molière's "*Le Médecin malgré lui*." (4.) German—Schiller's *Gesichte des dreissigjährigen Kriegs*.

P.S.—In the Latin, Greek, French, and German Papers, questions on Grammar will be given, and special stress will be laid on the accurate answering of the grammatical questions.

* Before being admitted to the Second Examination, the Candidate will be examined on any of these three subjects not embraced in his First Examination; but he will not be exempted from examination on any of the subjects of the Second Examination, though some of them be included in other Examinations which he may have passed.

ABSTRACT OF REGULATIONS FOR THE ELECTION, ADMISSION, ETC., OF FELLOWS.

1. A Candidate for the Fellowship of the Faculty as a Physician must be a Doctor of Medicine of a University of the United Kingdom, or of a foreign University recognised by the Faculty. A Candidate for the Fellowship as a Surgeon must be a Licentiate of the Faculty or a Fellow, Member, or Licentiate of one of the Royal Colleges of Surgeons of the United Kingdom, or a Master or Bachelor of Surgery of a University of the United Kingdom. 2. A Candidate must be proposed in writing by two Fellows, at an Ordinary Meeting of the Faculty. The proposal must state the medical or surgical qualification (as the case may be) in virtue of which he desires admission to the Fellowship; and after being proposed, he shall submit to the Council all necessary evidence of his professional qualifications, and of his being of unexceptionable moral character, and if required by the President, he shall appear personally before the Council of the Faculty. 3. A copy of the proposal shall be placed in the Reading-room till the next Ordinary Meeting of the Faculty, when, the Council having reported that the Candidate is eligible, and no reasonable ground for delay being shown, the Faculty shall proceed to determine his election by ballot. 4. For the election of a Fellow two-thirds of the votes given must be in favour of his admission. An excerpt from the minute of the meeting, giving the result of the ballot, shall be sent by the Clerk of the Faculty to the Candidate, who, if elected, shall at the next meeting of the Faculty, or of the Council thereof, be admitted as a Fellow, upon making and subscribing the required declaration. 5. A Fellow who does not find it convenient to attend personally may be permitted by a vote of the Faculty to be enrolled in absence, if he transmits a letter of obligation to make and subscribe the required declaration before taking his seat. 6. The entrance fee (to be deposited with the Treasurer in every case before proposal) shall, for a resident Fellow, be 50*l.*, but from this sum the Candidate, if a Licentiate of the Faculty, shall be entitled to a deduction of whatever amount he may have already paid for his Diploma. 7. A Candidate residing beyond five miles from the Faculty Hall may be elected as a non-resident Fellow, with such privileges as are provided by Regulation No. 8. The entrance fee in such case shall be 25*l.*, but from this sum the Candidate, if a Licentiate of Faculty, shall be entitled to a deduction of half the amount he may have already paid for his Diploma. 8. The non-resident Fellows shall have the same privileges in the meetings of the Faculty and in the use of the Reading-room as the resident Fellows, but they shall not be eligible to any of the offices or appointments of the Faculty, and their use of the Library shall be such as the Library Committee may from time to time direct. 9. In the event of a non-resident Fellow coming at any time to reside within five miles of the Faculty Hall, he shall cease to have any right or privilege whatsoever as a Fellow, until he has paid to the funds of the Faculty the difference between the sum he has already paid, and the amount of the entrance fee of a resident Fellow exigible at the time of his admission as such. 10. No one shall be eligible for the Fellowship of the Faculty who keeps an open shop for the sale of drugs or other merchandise.
